THE ECONOMIC CONFERENCE

To Be Re-opened?

Geneva, Sept. 28.
There are indications here that
efforts may soon be made to re-
open the World Economic Confer-
ence.

The Technical Commission has
finished its work, but before ad-
journing it adopted a report on
world trade, presented by the re-
porteur, Mr. Lanschoot of Holland.
This report is regarded as being
of the greatest importance because
it registers a measure of agree-
ment almost unprecedented be-
tween the various nations as to
the ills from which trade is suf-
fering and the steps which should
be taken to remedy the situation.

The report points to the rumour
persistent in the lobbies at Geneva
that an attempt will soon be made
to reopen the World Economic
Conference.

THE PRESIDENT SATISFIED

With The Silver
Act

Washington, Sept. 28.
Senator King, after a call at
the White House, said President
Roosevelt was "satisfied" with the
administration of the Silver Pur-
chase Act.

In view of this statement, Sena-
tor King expects that the meeting
of the special Senate Silver Com-
mittee scheduled to be held at
Salt Lake City on October 12 would
not recommend modification of
the Act.

Senator King added that pur-
chases so far have exceeded 400,
000,000 ounces, and acquisitions by
purchase and otherwise would
probably reach a billion ounces
later.

FOR DISPLAY IN LONDON

Soviet Art Treasure

London, Sept. 28.
Professor Kurnatopoulou and
Mr. Lee Ashton, of the Victoria
and Albert Museum, have return-
ed from a successful visit to Mos-
cow for the purpose of asking the
Soviet Government to lend some
of its art treasures for the Chi-
nese Exhibition being held at Bur-
lington House.

The Soviet Government readily
agreed to send a quantity of rare
tapestries of Mongolia and Chi-
nese Turkestan.
Especially noteworthy are some
woven silks of the Han Dynasty
and very early Buddhist tapestry
of mythological characters against
a green and red background, which
Mr. Lee Ashton says are the most
beautiful specimens he has ever
seen.

Valuable additions made to the
Exhibition include a painting on
silk, of the Tang Dynasty, lent by
Belgium. The earliest paintings
so far obtained are of the Sung
Dynasty. Mrs. John D. Rockefeller,
jr., is lending a priceless group
of statuary, also of the Tang Dy-
nasty.

SETTLEMENT OF DISPUTE

League Efforts

Special to the "Hong Kong Daily
Press" (Copyright.)

Geneva, Sept. 28.
The League's proceedings for
the settlement of the Italo-
Abyssinian dispute entered into a
new phase on Thursday when the
League Council in a public session
adopted the report submitted by
the Committee of Five and ap-
pointed a new committee on a
larger scale, composed of all Coun-
cil members with the exception of
the Italian delegate, who, as the
representative of one of the com-
peting parties, is not eligible
under the stipulations of the
Covenant.

The new Committee will have to
draft a report under Article XV,
Section IV which provides that if
the Council's effort to effect a
peaceful settlement of the dispute
should prove unavailing, the Coun-
cil shall "either unanimously or
by a majority vote make and
publish a report containing a
statement of the facts of the dis-
pute and recommendations which
may be deemed just and proper
thereto."

The drafting of the report will
probably take fully a week and
the Committee of Five will, in the
meantime, hold themselves ready
to deal with any suggestions that
may justify another attempt at
conciliation.

Thursday's sitting lasted but
half-an-hour but its historical
significance was made apparent by
the prevailing atmosphere of tense
expectation as well as by a large
crowd of spectators trying to gain
admittance to the Hall which was
filled to capacity long before the
meeting opened.

ITALIANS ABSENT

The Italian delegate was con-
spicuous by his absence, true to
his determination not to sit down
at the Council table together with
his Abyssinian opponent. The
proceedings began by Senor
Madariaga reading the Concilia-
tion Committee's report after
which the Abyssinian delegate
assured the Council that his Gov-
ernment would not fail to comply
with the suggestions contained in
the report. The president of the
Council, the Argentine delegate,
Guinazu, then voiced his regrets
at the failure of the attempts at
conciliation, and proposed the
setting up of a new reporting com-
mittee, excluding the Italian dele-
gate.

After Mr. Anthony Eden, M.
Laval, M. Litvinoff and the Danish
Foreign Minister, Munch, had ex-
pressed their agreement with the
president's proposal, and echoed
his regrets that the Committee's
efforts had been unsuccessful, the
motion was carried unanimously.
The Council then adjourned "sine
die" though it is expected that
the next meeting will take place
sometime next week.

Some importance is attached in
League circles to the statement
made by Mr. Anthony Eden who,
in addressing the Council, stress-
ed the fact that the time required
for drawing up the report would
afford the possibility of deciding
whether anything more could be
done to preserve peace.

It is assumed that Mr. Eden had
the following three possibilities in
view: (1) accepting Abyssinia's
suggestion for sending neutral ob-
servers to the menaced border
regions, (2) the possibility of
direct negotiations between the
interested governments, and (3),
the application of economic sanc-
tions as preventive measures.

MAIL NEWS FROM CHINA

CANTON-KONGMOON
TELEPHONE

A long-distance telephone service is being installed between Canton and Kongmoon, in the West river region. The total cost of the installation is estimated to amount to £47,000 sterling.

YUNNAN-KUICHOW
HIGHWAY

Work on the inter-provincial highway extending from Pingyi in Yunnan to Pankhsien in Kuichow is proceeding apace and is scheduled to be completed before the end of October. It is learned that the Yunnan and Kuichow Provincial Governments have recently received a telegram from General Chiang Kai-shek, President of the Military Affairs Commission, instructing that the highway must be completed within the shortest possible time.

HIGHWAY TO BE
CONSTRUCTED

With a view to facilitating the transportation of agricultural products in Northern Kiangsu, the Kiangsu Provincial Department of Reconstruction has decided to construct 100 kilometers of highway between Yangchow and Taishien. Work on the projected highway will be started shortly and is expected to be completed by February next year. It is estimated that a total of \$995,000 will be required for the construction of the highway.

RAILWAY COMPLETED

Construction work having been completed, the Hotel-Chaohsien (central Anhui) section of the Huanan Railway was opened to traffic on September 1. The last section of the line between Chaohsien and Yuehikow, on the northern bank of the Yangtze River, will be completed next spring.

LONG-DISTANCE LINES

The Telephone Administration of Chungking which is at present under the jurisdiction of the Chungking Municipal Government will be taken over by the Ministry of Communications. Under the auspices of the Ministry, Chungking will be linked by long-distance telephone with Chenqu and Kulenow.

CHENG TU-YACHOW
HIGHWAY

Construction of the Chengtu-Yachow section of the Szechuan-Hsikang Inter-provincial Highway has been completed by voluntary civilian labour. Surveying of the Yachow-Kangting (Tatsienlu) section is being made by two groups. The units of the 24th Army under General Liu Wen-nul, concurrently Defence Commissioner for the Szechuan-Hsikang border, will undertake the construction of this section.

RAILWAY TO BE
COMPLETED

Construction of the Tatung-Puchow Railway, traversing the province from north to south, is making rapid progress. The southern section of the line up to Fenglingtu, along the Shansi-Shensi-Honan border near Tungkwan, will be completed on October 5. Through transportation with the Lung-Hai Railway will be instituted simultaneously.

VETERANS TO HELP

Chungking, Sept. 17.

To expedite the construction of the Szechuan-Shensi Inter-Provincial Highway, the General Staff Corps of the Provisional Headquarters of the President of the Military Affairs Commission has ordered 2,000 veteran road-builders from Kuichow to assist in the work.

The Highway, upon completion, will greatly facilitate communications between the two provinces as well as the bandit-suppression campaign.

NANKING-WUHU
TELEPHONE

Installation work having been completed, the long-distance telephone service between Nanking and Wuhu, river port in eastern Anhui, was officially inaugurated on August 20. The line is a section of the nine-province long-distance network designed by the Ministry of Communications. The Wuhu-Hankow section of the network will be opened to traffic in September.

CHENG TU-CHUNGKING
RAILWAY

To facilitate communications in the province, the Szechuan Provincial Government is reviving plans for the construction of the Chengtu-Chungking Railway. The projected line, linking up Chengtu, provincial capital of Szechuan, with Chungking, the important commercial port in eastern Szechuan, will be 324 miles in length. A petition for the construction of the Railway, submitted by the Szechuan Provincial Government to the Executive Yuan, has been referred to the Ministry of Railways for consideration.

DEVELOPING CHINKIANG

Chinkiang, Sept. 18.

At the request of the Kiangsu Provincial Government, the Yangtze River Conservancy Commission despatched a group of engineers here yesterday for further investigation of harbour conditions with a view to developing Chinkiang, the provincial capital of Kiangsu, as a commercial port.

The engineers, headed by a Dutch expert, are surveying the Yangtze River from Chinschansui to Chilaoshan. The work is to be completed in a fortnight, and on the basis of their investigations, engineering plans for a harbour project will be devised.

THE BOXER FUND

Nanking, Sept. 17.

The 33rd meeting of the Board of Trustees for the administration of the British Boxer Indemnity Refund was held here yesterday under the chairmanship of Dr. Chu Chia Hua, Minister of Communications and concurrently Chairman of the Board.

The meeting approved the request of the Ministry of Railways for a third advance of funds for purchase of materials for the Hunan-Hupeh portion of the Canton-Hankow Railway.

With regard to the application of the Ministry of Railways for \$500,000 for construction work on the Chuchow-Shiuechow section of the Railway, it was decided that the sum be appropriated at the beginning of November.

The meeting also referred the following matters to its various sub-committees for examination:

(1) The request of the National Reconstruction Commission for a loan of £36,000 sterling for the purchase of further equipment for the Nanking Electric Power Works.

(2) The request of the National Reconstruction Commission for a loan of £1,000 sterling in material and \$35,000 in cash for the purchase of equipment for the Electrical Experimental Station.

(3) The detailed plans, submitted by the Ministry of Industry, for the establishment of a newspaper factory at Wenching, Chekiang, and the request of the Ministry for a loan for the establishment of the mill.

ENGINEERING AND BUILDING

DIESEL-ENGINED SHIP - TO - SHORE
TUG WIRELESS

Ordered By Railways

Singapore, Sept. 19.
The First Diesel-engined tug ever to be built in Malaya was launched at the shipyard of Messrs. United Engineers Ltd., at Tanjong Rhu, Singapore, yesterday.

She was christened the Jugra and will be stationed at Port Swettenham, having been built to the order of the F.M.S. Railways under the supervision of Mr. G. Heron, A.M.I.N.A., M.I.Mar.E., the Surveyor-General of Ships, S.S.

She is one of the largest orders received by the Tanjong Rhu yard in recent times, and the launching ceremony was attended by a number of shipping men.

Among those present were:—Mr. Heron, Mr. A. C. Macnair, Surveyor of Ships, S.S., Mr. J. A. P. Strachan, chairman of Messrs. United Engineers Ltd., Mr. R. M. Duff, of Messrs. United Engineers Ltd., Mr. T. E. Edmett, manager of the shipyard, Mr. Merton H. Brown, general manager of Messrs. Thornycroft (Singapore) Ltd., Mr. A. F. Wilde, Messrs. Thornycroft's shipyard manager, and Mr. J. Cockburn, Surveyor of Ships, S.S.

CHRISTENING CEREMONY

The christening ceremony was performed by Mrs. Edmett, a bottle of champagne being smashed against the bows before the vessel slid into the water, and Mr. Heron, representing the owners, congratulated the builders on turning out a very well-found tug. He drank to her success.

The Jugra was manoeuvred to the fitting-out berth beside the slipway, and a reception was afterwards held at the residence of Mr. Edmett at Tanjong Rhu.

The Jugra has a length of 76 feet o.a. and 70 ft. d.p., moulded beam of 16 ft. and moulded depth of 7.6 ft., giving her the appearance of a normal-sized tug familiar in Malayan harbour waters.

Her engine is of the Ruston Diesel, direct reversible 6 V.E.R.D. type, developing 275 H.P. and driving a single screw. Her hull is of steel.

FITTING HER OUT

It is expected that fitting her out will occupy a few weeks, after which she will undergo trials and be delivered at Port Swettenham, making the voyage under her own power.

All the tugs at present owned by the Harbour Board at Singapore and by the F.M.S. Railways at Port Swettenham are steam-driven, so that the Jugra will be an innovation. She will not carry any special salvage nor fire-fighting gear.

The tugs now in operation at Port Swettenham are the Prince, built at Hong Kong (and the only one equipped with salvage gear); the Rose, also built at Hong Kong; the Pentower, built in Holland; and the Edith, built in Singapore.

MONTH'S AERIAL
DEVELOPMENTS

Here are a month's aerial developments in Lancashire.

The latest air service in the county is one linking Liverpool with Nottingham, Leicester and Norwich, inaugurated early in August. It has been introduced by Mr. F. Leo Cilly, who has organised a twice-daily service to bring the Midland towns in direct aerial communication with Lancashire and with the air services to Blackpool, the Isle of Man and Belfast. Season tickets for business men are being introduced.

Following inquiries by the British Air Ministry the possibilities of constructing an aerodrome at Banks, a village between Southport and Preston, are being investigated.

Notices on owners of land required for the new Manchester airport at Ringway (Cheshire) have been served by the Manchester Corporation in preparation for an early start. The new aerodrome will be one of the largest in Great Britain. The first part of the scheme provides for the erection of buildings and hangars with runways 1,100 to 1,200 yards long.

New Developments

Recent research into the problems of wireless transmission by short waves has resulted in a considerable advance in the art of building short wave wireless transmitters for worldwide communication, and particularly for ship-to-shore working, so that it is now an everyday occurrence for vessels in any part of the world to communicate regularly with their home country on short waves.

In order to improve the facilities for Italian vessels to keep in touch with their own country from all parts of the world, the Italian Ministry of Communications recently decided to increase the existing equipment at the wireless station of Coltano by the provision of a new Marconi type short-wave transmitter with a wave-range of 13-100 metres and this has now been installed at Coltano for this service.

The latest refinements of short-wave transmitting technique particularly with regard to high quality of speech and constancy of the transmitted wave, have been incorporated in this installation.

The output of the transmitter to the aerial feeders is 56 kilowatts maximum on continuous wave telegraphy and 35 kilowatts on telephony at 80 per cent. modulation, and is, therefore, one of the most powerful of its kind in the world.

GREATER CLARITY

The speech response of the new installation is of a high order and, in fact, is equivalent to that of a modern broadcasting station, a line of some within plus or minus two decibels over a band of 50-10,000 cycles having been arranged.

It has, in the past, been customary to restrict the speech channel for telephony to a much smaller band, but the provision of a very wide speech response is of particular value in view of the added clearness and intelligibility of the transmitted word which results.

There is the additional advantage that such a service is also available for the transmission of musical programmes.

An important feature of the new installation at Coltano is the provision of four spot-waves which can be selected practically instantaneously by means of a turn-table mechanism which brings into circuit appropriate tuning inductance and condensers so that a minimum of time is lost when conditions necessitate a change of wavelength.

UNIFORM AERIALS

Special care has been taken in the stabilisation of the transmitter, and two of the four spot-waves have a master oscillator with a stability of one in 50,000. The other two have a stability of one in 20,000, so that in this respect the equipment fully complies with international legislation.

The whole of the installation is contained in four compact, completely enclosed blue-cellulosed cabinets, which are placed in line. A control table in front of the four units is used for starting up the different machines which supply the power. Every part of the equipment is easily accessible in accordance with modern transmitter design.

Four vertical "uniform" aerials are employed, each for a different wave length. These are connected with the transmitter by copper concentric feeders. The changeover from one aerial to the other is made by remote control from the transmitter hall.

LITHUANIA UNREST

(Special to the "Hong Kong Daily Press" (Copyright)).

Koenigsberg, Sept. 28.

The unrest which has been brewing for some time among the Lithuanian peasants appears to be assuming a more serious nature according to reports now filtering over the frontier.

Violent collisions between the striking farm labourers and the police are taking place in the south and districts round Kovno, while in many cases many homes or haystacks of the strike breakers have been set on fire. All the police which could be spared from the towns have been rushed out to the country where there were a number of encounters with peasants, both sides using firearms.

The police succeeded in making some arrests, but in most cases persons who were taken into custody were liberated as a result of attacks made by their companions. In some instances it is said the police refused to take action against the peasants, and this attitude was even more marked among the soldiers. A battalion in Mariampol for instance disobeyed the order to march against the peasants whereupon eight officers were arrested. It is also rumoured that two detachments garrisoned at Kovno have mutinied.

BRITISH LEGION

(Special to the "Hong Kong Daily Press" (Copyright)).

Cologne, Sept. 28.

Eighty members of the Brighton branch of the British Legion, arrived here for a return visit at the invitation of the Reich Federation of Former War Prisoners. The British visitors were welcomed by representatives of various German war veterans organisations.

TELEVISION FOR ALL

In Three Years

(Special Air Mail Service)

London, Sept. 10.

"Already plans are in hand for covering at least 70 per cent. of the population of Britain by a network of 10 television stations erected in the most populous centres."

That statement was made by Captain A. G. D. West, technical director of the Baird Television Company, before the British Association conference at Norwich yesterday.

The completion of this scheme would take three or four years. Also during that period the price of receivers would be greatly reduced. Even at the present time the simplification and cheapening in design was going ahead at a very rapid pace.

With the greater competition resulting from the commencing of the new services they would see television receivers available at prices within reach of the pocket of the average man.

It was safe to say that within four years from now television receivers, available at a price comparable with the present average home radio receiver and giving a bright picture with ample definition and brightness, of real entertainment value, and of a size of about 12 inches square, would occupy the space at present devoted in the home to the broadcast receiver.

CULTURAL VALUE

Further, it was not difficult to foresee that this rapid advance in television in the home would mean television was going to be a powerful factor in our civilisation.

There was no doubt that the coming of vision, used in connection with sound, would represent a more important step than the advent of sound alone.

NERVES?

Stomach Trouble?

A London physician writes: "A noteworthy effect of Sanatogen is a better appetite, which is generally noticed within three or four days after beginning 'his nerve food.'"

One of the many forms in which "nerves" manifest themselves is disorders of the stomach. Digestion—like every other function of the body—is governed by the nervous system. "Heavy digestion," "weak stomach"—all those troubles are in 9 out of 10 cases due to overstrained nerves. That is why Sanatogen often works wonders in all troubles of the stomach and the intestines. And even in the most serious cases of stomach disease Sanatogen is prescribed by the leading physicians, because it not only regulates the functions of the stomach.

but also because it is so easily digestible and gives the stomach a rest. Enjoy your meals again, enjoy life again, by taking Sanatogen. Sanatogen is absolutely trustworthy. Over 25,000 physicians have expressed their admiration in writing.

Here is Health!

SANATOGEN adds health to your system. It conquers nervous conditions by feeding the nerves, is easily digestible and gives new fresh blood.

And that famous medical paper, "The Lancet," says: "There is abundant evidence of the value of Sanatogen as a restorative and food, more especially in cases of general debility."

GOLD DIGGERS OF 1935

Four or five million Americans learned, during the late World War, what it is to do things by the numbers, but it remained for Busby Berkeley to make full use of his army training in the creation and the direction of screen spectacles. Every thrill that Berkeley has provided audiences in the musical numbers in "2nd Street", "Footlight Parade", "Wonder Bar", "Dames", and his latest First National musical "Gold Diggers of 1935" was filmed by count with Berkeley himself doing the counting. A rehearsal on the Berkeley sets during the filming of "Gold Diggers of 1935" sounded a little like a drill field during the training period of the War with Berkeley acting as a sharp voiced top sergeant. It doesn't look like that, however, with some two or three hundred lovely young ladies in shorts and swimming suits and similar practice clothes, playing the parts of the training soldiers.

"Gold Diggers of 1935" opens to-day at the "Queen's Theatre". In the all star cast are Dick Powell, Adolphe Menjou, Gloria Stuart, Alice Brady, Glenda Farrell, Frank McHugh, Hugh Herbert, Joseph Cawthorn, and the dance team of Ramon and Rosita.

THE RAVEN

Edgar Allan Poe's masterful poem, "The Raven," supplied the inspiration for the thrilling motion picture of the same name that has been booked at the King's Theatre on Sunday next.

Selecting an outstanding vehicle for Karloff and Bela Lugosi, Universal, the creators of "Frankenstein" and "Dracula," chose Poe's immortal classic as the perfect medium for their combined uncanny talents. Here, the "monster" clash on wings of fear and mystery, bringing forth thrill after thrill as they run a veritable gamut of emotion.

The story was prepared for the screen by David Boehm who has retained in it the mystic influence that marked Poe's genius. The picture, of course, is laid in modern settings and in the present period.

A splendid supporting cast of featured players includes Irene Ware, noted screen beauty, in the feminine lead; Lester Matthews, popular English actor in the romantic male lead; Samuel Hinds, Inez Courtney, Arthur Hoyt, Spencer, Charter, Maidel Turner, Ian Wolfe and many others.

It was directed by Louis Friedlander, one of Hollywood's youngest and most capable members of the magnum fraternity.

DEATH OF MR. W. W. CHISHOLM

(Special Air Mail Service)

London, Sept. 10.

Mr. William Wilson Chisholm, editor of the Sheffield Daily Independent from 1908 to 1919, and of the Sheffield Mail from 1920 to 1923, died yesterday at Sheffield at the age of 81. He was a native of Sheffield, and his journalistic service for the Daily Independent and associated publications extended well over half a century. On his retirement in 1923 from his active duties he became a director of the Sheffield Independent Press Company, Limited. He was active in social and political work in the city. His publications included histories of Sheffield and its industries and some musical works. He had been a justice of the peace for the city since 1917.

PRESIDENT ROOSEVELT ON NEUTRALITY

The Kellogg-Briand Pact

(Special Air Mail Service)

London, Sept. 6.

Mr. Roosevelt left on Sunday night for his home at Hyde Park, New York, where he will stay for three weeks. Before his departure the President signed the Neutrality Resolution and made a public statement upon the questions involved, and approved a declaration to the Press by the Secretary of State, Mr. Cordell Hull, on the subject of Russo-American relations. By this indirect method the charge that the Soviet Government had "repudiated" its pledge expressed its deep concern "over the growing instability of international relations and dangerous consequences thereof to peace and economic recovery," and issued a warning that friendship between the American and Russian peoples might be "seriously impaired."

Two sentences in the President's statement on the Neutrality Resolution deserve close attention and demand some comment. Mr. Roosevelt said:—

The policy of the Government is definitely committed to the maintenance of peace and to the avoidance of any entanglements which would lead us into conflict. At the same time it is the policy of the Government by every peaceful means and without entanglements to co-operate with other similarly minded Governments to promote peace.

AN "EXCELLENT PURPOSE"

As against this quiet—and, all things considered, courageous—insistence on the continued positive interest of the Administration in the furtherance of peace there must be set not only the obvious force of American popular feeling that the United States should refrain from any form of action whatsoever, a feeling strengthened by the many writers who unite in urging that the smallest departure from a purely negative attitude would lead to warlike commitments, but also the difficulty of steering a clear course through the undefined possibilities of executive action under the Neutrality Resolution, the still uncertain obligations of the United States under the Kellogg-Briand Peace Pact, and the possibility of conflict between popular emotion and economic interest if war should break out.

Mr. Roosevelt said that he approved of the Resolution as an expression of the "wholly excellent" purpose of avoiding any action which might involve the country in war. He unreservedly commended the clause enabling the Executive at its discretion to prohibit American vessels from carrying munitions to belligerents; to warn American citizens against entering war zones or travelling on belligerent vessels; to prohibit submarines from entering American ports; and to require bonds from American vessels against the provision of men, fuel, ammunition, or supplies to war or supply ships of any belligerent nation.

The President also approves the creation of a National Munitions Control Board to apply the licensing system to the manufacture and export of munitions, but he reiterates those doubts as to the first and controlling section of the resolution which he expressed more vigorously in private to members of Congress. He admits its object to be "wholly good," but he remarks that "no Congress and no Executive can foresee all possible future situations," situations with which all history is filled and which "call for some flexibility of action." It is conceivable, he insists, that "situations may arise in which the wholly inflexible provisions of Section I. of this Act might have exactly the opposite effect from that which was intended," or "in other words the inflexible provisions might drag us into war instead of keeping out." Mr. Roosevelt therefore urges "further careful consideration of neutrality needs" and particularly "an expansion to include provisions dealing with other important aspects of our neutrality policy which have not been dealt with in this temporary measure."

PRESIDENT'S POWERS

Unquestionably the reference here is to a possible embargo on loans and credits to belligerent countries, a question so difficult of settlement by a great creditor nation that Congress refused to touch it and one which almost certainly calls for that delegation or discretionary responsibility to the Executive which is denied where arms, ammunition and implements of war are concerned. Even so it has been necessary to vest large powers in the President. He must not only proclaim a state of war before the mandatory embargo can apply, but to him is given power by proclamation to "enumerate the arms, ammunition or implements of war the export of which is prohibited" and from time to time to extend the embargo to other States "as and when they become involved" in war.

Nobody knows or can know what might be included in such an enumeration of implements of war, except that Senator Pittman has assured his colleagues that raw cotton would not be on the list.

NEW TALENT

For The Autumn Season

Fred Allen and Phil Baker will be two Zanuck importations of the autumn season, possibly for "Sing, Governor, Sing," now changed to "Thanks A Million."

Shark Island for Fredric March should be thrilling—it's the story of that Civil War doctor, Samuel Mudd, and "The Man Who Broke The Bank at Monte Carlo," for Roland Colman, may have the new star, Lulse Rainer, as leading lady, although this has not yet been decided upon.

Over at M-G-M, Ronald Colman is just finishing "A Tale Of Two Cities." That studio is specialising in movies for stars of middle age and Frank Morgan's forthcoming vehicle will be the first "The Perfect Gentleman." Myrna Loy, one of the studio's most promising stars, is holding out at present for an increase in her salary cheque. Joan Crawford moves along in the glittering type of thing which Crawford fans devour.

On the singing roster there is mentioned Maria Jeriza and Marian Talley will warble in a Marx Brothers' production. The sea is well represented in this year's list, with "Mutiny On The Bounty" as one of the big M-G-M attractions. If you want Shakespeare, "Romeo And Juliet" will give you Norma Shearer once again and some lucky young man will get the Romeo role, which is still a matter of contention.

You can have your Charlie Chaplin too, during this forthcoming season, when his picture—a story of mass production in a great factory—presents him at his outlandish best. Later on he will make a picture with Paulette Goddard which will be in more serious dramatic vein. Chaplin, as a member of United Artists, will have to make more pictures than formerly.

Sam Goldwyn will make his usual six, but without the much publicised Anna Sten this time. "Dark Angel," with March and Oberon, is almost ready for preview. "Barbary Coast" will soon be in the cutting room; Miriam Hopkins in this one.

ENGLISH-MADE FILMS

Eddie Cantor's opus will be "Follow The Crowd," with Ethel Merman and the Goldwyn girls. Miriam Hopkins and Joel McCrea will be in "Navy Born" and "Splendour"—the latter a Rachael Crothers' production and of course has been paid and which for two years was the prime attraction of Broadway.

Mary Pickford will release two pictures and Alexander Korda will release five English-made films in America. One of the most interesting of these will be "One Hundred Years From Now," which H. G. Wells has written, and "The Man Who Could Work Miracles," also from the same author, with Roland Young in the lead. Charlie Laughton will appear in "The Lion Of Mayfair" by Robert Sherwood.

This resume touches but lightly on what is going on in cinema-land. Full listing of the productions would take limitless space. The Paramount set-up contains such paradoxes as the Pulitzer-prize play, "So Red The Rose," Merzimee's "Carmen" with Blzet

BIG FIRE IN ITALIAN FILM CITY

(Special to "Hong Kong Daily Press")

(By Telegraph, Copyright, Telegraphic Messages Ordinance, 1894. Received, September 27 7.30 p.m.)

Rome, Sept. 27.

An immense fire that broke out in Italian Hollywood towards two o'clock on Friday afternoon reduced to ashes two of the most modern studios in which the Italian film company "Cines" was busy at work on several new productions, the damage being estimated at several millions liras.

Fortunately the wind which was high at the time blew the flames towards a vacant piece of ground so that the conflagration did not spread as was feared.

The casts had only just left the hall at 10 o'clock on Thursday and the assumption is that the electricians were tired and forgot to switch off the current, resulting in a short circuit.

music, "Peter Ibbetson" of du Maurier, Kipling's "The Light That Failed," "Hopalong Cassidy," "National Velvet" and "Anything Goes." Cecil de Mille is specialising on history and the Bible with "Crusades" and "Samson and Delilah."

"Captain Blood" will do business in the same season as "A Midsummer Night's Dream," "Anthony Adverse" with Fredric March, will be another to come on this release. Then will follow along all the contract players' vehicles—Paul Muni in "Dr. Socrates" and the Cagney releases, the latest of which is "The Irish In Us."

Columbia has Grace Moore in another single to follow "Love Me Forever" and Michael Bartlett in "I Pagliacci." If the studio can get an American release for some of this music, "Lost Horizons," with Colman, will also be from this studio.

In case you have a pocketful of money and nowhere to go, you can see anything you please on the screen during the autumn and winter if you are so minded!

MADAME DU BARRY

MADAME DU BARRY

It isn't often that an actor has to play the same role in more than one picture. Reginald Owen, however, is appearing for the second time in the role of Louis XV, in the Warner Brothers production of "Madame Du Barry," showing at the Oriental Theatre on Sunday, Monday and Tuesday. The first occasion that Owen portrayed the Louis XV was in "Vatel," with George Allice.

Owen considers this later portrayal of Louis his finest screen opportunity to date. It is a grand role, full of colour and life—and most important, it shows the King as he really was. He is the tender lover of Du Barry, the stern grandfather of the stupid Dauphin (afterward Louis XVI) and a weary old monarch who was all too willing to die when his time came.

Others in the cast headed by Dolores Del Rio and Reginald Owen are Veree Teasdale, Victor Jory, Osgood Perkins, Helen Lowell, Henry O'Neill, Anita Louise, Maynard Homes, Hobart Cavanaugh and Dorothy Tree.

THE SECRET BRIDE

The cops are crashing the movies! Frank B. Gumpert, nationally known criminologist in charge of the Criminalological Department of Los Angeles Sheriff's Office, launched upon a screen career at Warner Bros., Gumpert was charged by the Warner Bros. to supervise the filming of highly technical scenes in the Barbara Stanwyck starring picture "The Secret Bride," next change at the Queen's Theatre.

He is an authority on all branches of crime detection and investigation. He took laboratory equipment valued at \$25,000 to the studio for use in scenes which were filmed in authentic and realistic fashion under the eye of the expert. "The Secret Bride" is a thrilling drama of political plots and baffling murders, based on a play by Leonarde Ida. Miss Stanwyck heads the cast, which

DARRYL ZANUCK

Hollywood's head man is now with the shifting fortunes of cinema progress, steps into the most important production position in the entire colony, and with Hollywood about to start the greatest season of activity in its history, it is interesting to take a glance at the direction in which pictures in general are going.

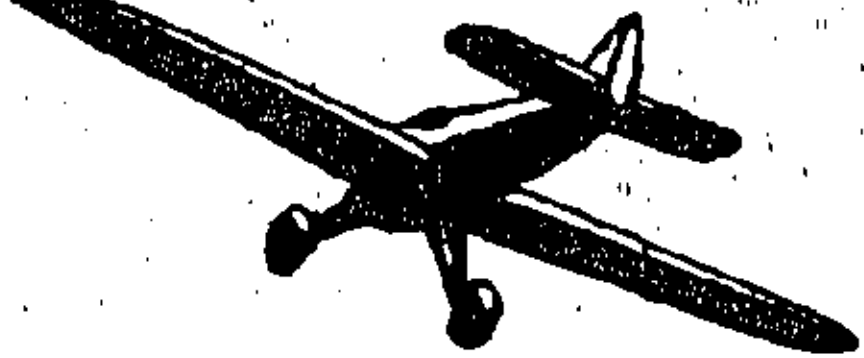

It's a broad canvas you may choose anything from farce to Grand Opera—and you may have any type of player from slapstick comedian to Metropolitan Opera star. The powerful vacuum of cinema has at last sucked into its own little realm the least of the disdainful ones—the ones who had always boasted they would never have any dealings with motion picture people.

Unless the gelatine gentlemen dabble definitely in Broadway production this season, the poor old legitimate stage is going to be in a more forlorn position than ever during the autumn and winter of 1935. So full of promise is the coming cinema season that stars are reluctant to listen to even the most flattering Broadway offers, since the most dangerous thing which can befall them is leaving the home ground for an extended vacation.

Zanuck, through producer Edward Small, will make "Metropolitan," the Lawrence Tibbett story which may possibly incorporate some of that singer's personal experiences at the great Opera House which is the goal of all singers. He has announced a story tentatively titled "Professional Soldier," with Wallace Beery in the leading role. "Nile Patrol" is another story tentatively titled. I believe it's intended as a vehicle for Ronald Colman. "Gentlemen, The King" is still another one from this producer and then "Ivanhoe" follows on an interesting programme.

An enquiry into the circumstances attending the death of a Chinese male, named Leung Cheuk Yau, aged 73 years who was knocked down by a car driven by Mr. Franklin Wright of No. 780 Nathan Road, on May 13 at the junction of Nathan Road and Argyle Street, was held at the Kowloon Magistracy yesterday afternoon, with Mr. W. M. Thomson, sitting as Coroner. The jury empanelled comprised: Messrs. D. G. McAvoy, Leung Pong Im and Lok Iuk Kuan, who after a short retirement returned a verdict of "accidental death" adding a rider to the effect that "no blame is attached to anyone."

The accident, in question occurred on the night of May 13, when Mr. Wright, together with friends, was driving along Nathan Road in the direction of the Police Training School. When opposite the Mongkok Fire Station deceased suddenly crossed the path of the on-coming vehicle and was knocked down, although the car was brought to a standstill by the application of the footbrakes.

It was raining at the time of the accident and the car skidded on the wet surface of the road. The injured man was picked up from off the roadway where lay just as he fell, and was taken to the Mongkok Police Station, and then to the Kowloon Hospital. Death did not, however occur until August 25, some three months later.

MEDICAL EVIDENCE

Dr. Henry, medical officer at the Kowloon Mortuary in his evidence said that death was caused by a fractured spine, hypostatic pneumonia and cardiac failure.

Mr. Franklin Wright, who gave his address as No. 780 Nathan Road, said that on the day in question (May 13) he was driving his Overland Whippet car No. 1673 along Nathan Road at about 9.45 p.m. He was travelling from South to North and when opposite the Mongkok Police Station, and near the junction of Nathan Road and Argyle Street, an old man (deceased) came into view and walked into the road. "I did not actually see him," said Mr. Wright "until he was practically on the mudguard." Witness stated that at the time he was driving the car midway between an island situated in the middle of Nathan Road and the left hand pavement.

CAR SKIDDED

At the time of the accident witness stated that he was travelling at a speed between 15 and 17 miles per hour, the vehicle being in top gear. "As soon as I saw the deceased I jammed on my brakes. The car skidded on the wet surface of the road, and I hit the man with the rear front mudguard."

Directly after the accident witness picked up the injured man and took him in the car to the Mongkok Police Station, as the latter refused to go to a hospital. At the station, a police officer advised witness to take the deceased to hospital. No time was therefore wasted to rush the deceased to the Kowloon Hospital.

Miss E. Remedios, Miss H. Maher, and Sergeant McHardy, (officer in charge at the Mongkok Police Station when Mr. Wright reported the accident) gave evidence after which the jury returned the verdict mentioned above.

NO PASSPORTS

Three months' hard labour was passed on George Afonkin, aged 28, an unemployed Russian, when he was charged with entering the Colony without a valid passport. It was stated that Afonkin has had two convictions of a similar nature. An expulsion order was granted against Bhag Ram, 30, unemployed farmer, of Lahore, India, who pleaded guilty to a similar charge.

WEDDING FEAST MURDER

At Central Magistracy yesterday, before Mr. W. Schofield, extradition proceedings were continued against Hung Ko and Hung Yu who are charged with the murder of Hung Yit-wah, at Luk Lan Village in the Tung Kwan district. Mr. J. A. Fraser the Asst. Attorney General, is conducting the case for the Crown.

At yesterday's hearing two other witnesses were called to testify as to the place of birth of the two fugitives, and the case for the prosecution then came to a close. It was stated that the defendants will appear for trial on October 1.

TRAFFIC CASES

Several traffic offenders made an appearance before the local Magistrates yesterday.

F. L. Parton, driver of motor cycle No. 58, was fined \$10 by Mr. W. Schofield, at the Central Magistracy on a summons for driving in Main Street, Shaokwan West, which is closed to motor traffic, without permission from the I. G. P., on September 10 at 8.20 p.m.

C. Bitzer, driver of private car No. 372, was fined \$15 for overtaking and passing two lorries and a car on a bend in Pokfulam Road near Hok Sze Terrace on September 11.

Traffic Sergeant You said defendant commenced to overtake the other vehicles on a left hand bend and finished on a right hand bend. It was such a sharp bend that the driver's vision would have been limited to only about 15 yards.

KOWLOON CASE

The case was remanded until 2.30 p.m. on Tuesday next, in which Miss Gertie Chan, of No. 161 Waterloo Road, Kowloon Tong, appeared before Mr. W. M. Thomson at the Kowloon Magistracy, summoned with (a) driving private car No. 1093 without due care and caution at Waterloo Road near Essex Crescent on September 9 and (b) failing to have two independent and efficient brakes.

Mr. C. Y. Kwan appeared for the defendant, while Mr. S. Ng Quinn held a watching brief over the proceedings on behalf of the woman Mrs. Yeung Yee, who was knocked down by defendant. Mr. Quinn informed the Court that the woman was still in hospital.

Pleading guilty to a summons for failing to carry a rear light on his private car No. 2688, Robert Perey de la Sala, of No. 298 Prince Edward Road, was fined \$3.

Chan Kwai-ling, unemployed, was yesterday sentenced by Mr. W. Schofield, at the Central Magistracy, to nine months' hard labour for having returned from banishment before the expiration of his period of ten years. He was arrested in the Wanchai District.

Chan Yat, (34) unemployed barber, pleaded guilty before Mr. Macfadyen in the Central Magistracy yesterday, to stealing a pair of canvas shoes from a shop at 214 Queen's Road Central, ground floor, and was bound over. Sub-inspector Tyler stated that defendant was seen by a foki to take the shoes.

Pleading guilty to a breach of the Deportation Ordinance by returning to the Colony before the expiration of his period, Wan Fat, (50) was sentenced to ten months' hard labour by Mr. Thomson at the Kowloon Magistracy yesterday. Defendant admitted being banished for a period of ten years on May 29 this year, and pleaded that he was passing through on his way to Macao.

On a charge of possession of 239 poppy lottery tickets, Li Shek-yin, (20) unemployed, was fined \$100 with the alternative of six weeks' hard labour when he pleaded guilty before Mr. Macfadyen in the Central Police Court yesterday.

A remand of 24 hours in police custody for further enquiries was granted by Mr. Macfadyen in the Central Police Court yesterday on the application of Detective Sergeant Guild when Wong Pay-yuet, (32) unemployed, pleaded guilty to the theft of a raincoat, the property of Mr. Aylis, manager of Seymour Sheldon, French Bank Building, top floor. Sgt. Guild stated that at 1.30 p.m. on Thursday the defendant was seen coming down the stairs of the French Bank with the raincoat in his possession.

Ng Wah, aged 20, was brought before Mr. Macfadyen at Central Magistracy yesterday on a charge of being found on the staircase of 140, Des Voeux Road early on Thursday morning and was unable to give a satisfactory account of himself. The Magistrate remarked that it was desirable that further enquiries be made and according adjourned the case until to-day.

When the case in which Ho Yuk-man is summoned for maintenance, by his "kit fat" wife was called at Central Magistracy yesterday, Mr. Peter Sin told the Court that he had only just received instructions for the defence. He asked for an adjournment, which was granted, hearing being fixed for October 9, at 2.30 p.m.

PROBLEM OF DROUGHT

No More Fear?

Professor Nicholas Roerich accompanied by his son, and who arrived here yesterday morning from Shanghai, by the President Monroe after spending 16 months in Mongolia studying grasses and collecting grass seeds to send back to America, stated that he was confident he has solved the problem of drought and dust-storms in the Middle West of America.

Most deserts are the result of man's actions, stated the Professor, and in Mongolia subterranean streams were found even where there were no deterts and no vegetation. The specimen of grasses that were collected had very long roots, the stems of which were stunted, but very hardy. In Mongolia the cattle thrive on such grasses even when they were not fed any corn at all.

Samples of soil were also sent to America, while the Professor was still in Mongolia. It will take at least five or six years before any real benefit from the experiments is felt, was the opinion expressed.

BOY SCOUTS RETURN

After Visit To America

A party of Philippine boy scouts who went to America two months ago to take part in the Jamboree which were however cancelled owing to an outbreak of infantile paralysis, are returning to the Philippine Islands by the Empress of Canada which arrived here yesterday morning.

The scouts, numbering 32 with two scout leaders, were seen by a representative of the "Hong Kong Daily Press" yesterday and their spokesman, Mr. Exequiel Villacorta, one of the scoutmasters and a representative of the D-M-H-M Newspapers in Manila, stated that it was very unfortunate that the Jamboree had to be cancelled. President Roosevelt personally expressed his regret and shook hands with each of the scouts individually.

The scouts were well received while they were in the United States and after the breaking up of Camp they travelled East and had a good time.

The party left last night by the same boat for Manila.

FIRE-FIGHTERS BUSY

London, Sept. 28.

Twenty-four hours after the outbreak of fire at the Colonial Wharf, firemen were still at work seeking to subdue the flames, which, though under control, continue to burn fiercely through the lower floors, with occasional explosions. The walls are gradually collapsing and the street is flowing with liquid rubber from burnt stores.

River boats continue their attack on the burning building and firemen are perched precariously on cranes on adjacent wharfs. Fire engines from all parts of London and the suburbs were arriving during the day, bringing men to relieve those who have been on continuous duty for long hours and a few of whom have suffered minor injuries.

GERMAN SUBMARINES

(Special to the "Hong Kong Daily Press" (Copyrighted).]

Kell, Sept. 28.

The first front line submarine flotilla will be officially formed here on Friday. The new flotilla which consists of submarines "U 7 to 12" has been named by Herr Hitler "Wedding Submarine Flotilla" in memory of the war hero, Otto Weddigen, who at the beginning of the war, sank the three British cruisers, Hague, Aboukir and Cressy in one day off the Dutch coast, and the armoured cruiser Hawke, three weeks later in the North Sea. His submarine was finally rammed by the British battleship Dreadnought.

infection.

Help your child in the critical years of rapid growth, to develop sturdy bones, healthy teeth, and a strong constitution. You can—by providing him with an abundance of mineral nutrients as contained in Kalzana.

"Many children of the irritable, nervous type, owe their state to a deficiency of organic salts. Such youngsters do well when the diet is reinforced by a well-retained mineral food such as Kalzana," writes the well-known expert on hygiene: Miss Kathleen Dane.

Kalzana will protect your child against the results of calcium deficiency such as: anaemia, irritable nerves, weakness, rickets, and a tendency to develop tooth decay.

A course of Kalzana restores lost appetite, builds stamina in delicate bodies, and overcomes irritability in the highly-strung child. Make up your mind to start your boy or girl on a course of Kalzana, to-day. Children like these palatable tablets, and you will soon be surprised at the all-around improvement in their health.

NOTICE

Sergeants' Mess
An "At Home" will be held in the Mess on Monday, September 30, 1935, from 6 p.m. to 7 p.m. (repeated).

Hong Kong Rifle Association
(1) The H.K.V.D.C. Rifle Club is affiliated to the recently formed H.K. Rifle Association and all members of the Corps are affiliated members of the Association. As such they will shortly be issued with membership cards, and are entitled to shoot at all association practice shoots when range accommodation is available. The Hong Kong Rifle Association hold practice shoots on the Kowloon City Range each Wednesday, commencing at 2 p.m. and members of the Corps wishing to shoot then should inform Sergt. L. B. Holmes not later than noon on Tuesday, Tel. No. 33128. Special buses leave Star Ferry each Wednesday at 1.45 for Kowloon City Range.

The Association will also hold week-end shoots at Stonecutters. When affiliated members are also entitled to shoot, provided target accommodation is not all required by full members.

There will be an Association Shoot on Saturday, September 28, 1935 at Stonecutters, commencing at 2 p.m.

All Volunteer members may shoot, but must apply to Sergt. Holmes before Thursday, September 26, 1935.

(2) Members of the Corps may become full individual members of the Association at the reduced subscription of Two Dollars (Officers—\$4) per annum. Application forms may be obtained from the Orderly Room.

Full individual members will always have prior claim to range accommodation, and be entitled to enter for spoon shoots, and all other competitions organised by the Association.

Fuller information may be had on application.

(3) Shooting will be organised into two classes:—
(i).—S.R. (a) i.e. with the service rifle as issued.

(ii).—S.R. (b) i.e. with the service rifle, packed if desired, aided by aperture sights and sling, or with the 1914 pattern rifle with similar aids.

Arrangements have been made whereby members of the Corps who become individual members of the Association and wish to take up S.R. (b) may be issued free of charge with "new" P1814 rifles.

In no case will people shooting S.R. (a), compete against those shooting S.R. (b).

SENOR QUEZON

Here For A Rest

Senor Manuel Quezon, President-elect of the Philippines, arrived in the Colony aboard the President Jefferson yesterday morning, after his arduous election campaign. He is staying at the Hong Kong Hotel, where he refused to see representatives of the local press, stating for his reason that he had come for a rest and to see all his friends. Senor and Mrs. Carlos Romulo, who were going on a round-the-world trip.

Senor Quezon will probably travel to Canton on a visit. It was stated also that Senor Romulo will attend the Rotary International Convention which is scheduled to be held on October 20 at Chicago.

In connection with the rumours regarding the possibility of passengers travelling on the P. & O. ships being "diverted," Messrs. Mackinnon Mackenzie & Co., agents for the P. & O. Steam Navigation Co., forwarded us the telegrams exchanged between the local office with the one at Singapore:—

To Peninsular, Singapore

"Press report you have notified Passengers P. & O. Steamers may be diverted Stop is it correct?"

From Peninsular, Singapore

"Referring to your telegram of 27th Reply is No."

FRENCH CONSUL LEAVING
Lengthy Term In The East

The French Consul General in Hong Kong, M. R. Soulanges-Telssier, is leaving the Colony, owing to ill health. His wide circle of friends will learn this piece of news with regret as he enjoyed great popularity both in official and unofficial circles. It is probable that the Consul General will leave within a fortnight, after a stay in the Far East extending for about 35 years.

LAST DUTY
In all probability one of the last official duties of M. Soulanges-Telssier was at a semi-official memorial service to the late M. Henri Widen, French Minister to China, who died on Tuesday at Peking, the service being held yesterday at the St. Joseph Church. Bishop Valterra conducted the service, Fr. Riganti being at the organ.

Several high officials of the Colony, including representatives of the Navy and Military Command were in attendance, as well as representatives of the Consular Body. Commander de la Forest Divonn of the French sloop, Savorgnan de Brazza, and Command. Royer of the French Gunboat Argus and officers were also present.

MALAYAN ATHLETES
(Special to the "Hong Kong Daily Press" (Copyright).)

Shanghai, Sept. 20.
The Malayan delegation of 150 men and women for the National Athletic Meet which will take place on October 10 in Shanghai, will sail from Singapore for Shanghai on September 29. The delegation, with teams for all branches of competitive sports, has been organized under the leadership of Mr. Hu Wen-Hu, the Singapore multi-millionaire.

With several trackmen and aquatic stars who have during a recent Chinese Overseas Meet in Malaya shattered National records, in the team, the Malayan Chinese are expected to give the athletes at home very stiff competition.

Preparations are understood to be under way in Shanghai for the organization of a special committee to welcome the Malayan delegation to China.

DR. MACGOWN THE NEW CHIEFTAIN

St. Andrew's Society Meeting

appeal to every young Scotsman

The annual general meeting of the Hong Kong St. Andrew's Society was held in the Board Room, of Messrs. Jardine, Matheson & Co., Ltd. yesterday evening at 5.45 p.m., and was largely attended.

A prominent absentee was the President, Mr. A. S. MacKichan, and Dr. C. J. Macgown took his place in the chair. Among those present were:—

Sir Atholl MacGregor, Dr. G. D. R. Black, Messrs. N. M. Currie, J. W. C. Bonnar, K. E. Greig, R. M. McLay, A. L. Shields, A. Stevenson, E. M. Bryden and D. S. Robb.

The reports and accounts for the past year having been read by Dr. Macgown were approved.

ELECTION OF OFFICERS
The most important part of the programme, that of electing new office bearers for the coming year, was next attended to.

The only name mentioned in connection with the position of the new Chieftain was Dr. Macgown. He was proposed as the new President of the Society, the proposal being carried unanimously.

Mr. McLay was elected Vice-President. Dr. Macgown said that the positions of Joint Hon. Sec. and Treasurer had been carried out by Mr. E. M. Bryden and Mr. D. S. Robb for the past year and they had done exceedingly well so he proposed that they be re-elected. This was put to the vote and carried unanimously.

The new committee elected were:—Sir Atholl MacGregor, Messrs. N. M. Currie, D. Drummond, D. J. Gilmore, J. F. MacGregor, A. Ritchie, T. S. Whyte-Smith and B. Wylie.

THE BALL
Discussions as to whether the practice dances before the annual ball should be continued or not were then gone into. It was finally decided that St. Andrew's Ball be held as usual on November 29, without any practice dances.

Before calling the meeting to a close Dr. Macgown proposed a vote of thanks to Messrs. Jardine, Matheson for the use of their Board Room.

DR. MACGOWN'S SPEECH
Dr. C. J. Macgown addressing the meeting said:—

Gentlemen,—In the absence of our President, Mr. MacKichan, it devolves on me to render an account of the activities of the Society during the past year. It is with regret that we have to record the deaths of two past

presidents, Mr. David Landale and Mr. John Johnson, and three members, Messrs. R. S. Logan, W. M. Stratton and F. Syme Thompson.

Turning to the accounts our balance sheet is still in a healthy state. Calls for charity and for assistance are again less than the previous years. The Ball account shows a small loss even after the transfer of the balance over from the Burns dinner.

The J. R. M. Smith Scholarship was awarded this year to whom we congratulate on his success.

SOCIAL ACTIVITIES
Our Ball was held on St. Andrew's day and was as usual an unqualified success. The Burns Dinner was held on January 25th and the Immortal Memory was proposed by Sir Atholl MacGregor in one of the finest speeches we have heard on this occasion.

REEL CLUB
The annual report of the reel club was issued last month and the members are to be congratulated on their enthusiasm and efficiency in Scottish dancing. In connection with dancing it appears to me that we shall have to make considerable economies and reduce the price of our tickets for the annual Ball this year, if we are going to keep up our numbers and make it the success it has been in the past.

VOLUNTEERS
It is usual on this occasion to make mention of the Scottish Company of the Volunteers. I regret to say that their numbers have dwindled considerably. It is not in keeping with the traditions of our country that we should be defenceless, and I now make an appeal to do his bit and join up. With every country in the world rearming, it is more important now to have the Volunteers at full strength than it has been for many a year.

I have a letter from Mr. MacKichan in which he asks me to apologise for his absence and to thank the Committee and Members for the great honour they did him in electing him Chieftain for the last year. He also wishes to thank everybody for their support and particularly Messrs. Bryden and Robb who have given up so much time to the work of the Society.

With these remarks, Gentlemen, I beg to propose the adoption of the Report and Accounts for the Past Year. This was carried unanimously.

NEWS FROM CHINA

NEW EMBANKMENT COMPLETED

(Special to the "Hong Kong Daily Press" (Copyright).)

Hsuechow, Sept. 19.
Construction of the northern section of the new embankment near Pehhsien has been completed, while the work on the southern section is also nearing completion. Although the flood situation there has greatly improved, the Welshan Lake in its neighbourhood continues to rise at times and the various dykes are still subject to heavy pressure. The local authorities are taking every precaution against possible emergencies.

The situation at Pichen, east of Hsuechow near the Shantung border, is also improving. The flood waters, which have besieged the southern, northern and western suburbs of the city are generally subsiding, and the sandbags placed at the entrances of the city gates have been removed. Relief workers are being stationed at the various dangerous points to keep watch of the situation and to strengthen the undamaged dykes.

Nanking, Sept. 21.
Arrangements are being made by the Ministries of Finance and Foreign Affairs to extend a cordial welcome to Sir Frederick Leith-Ross, chief economic expert of the British Government, who is due in Shanghai to-day. When the Shanghai Maru arrives in port this afternoon a party of Chinese officials will go aboard the vessel to greet Sir Frederick who is a passenger aboard that vessel.

It is learned that the party will include Mr. Jabin Hsu, director of the General Affairs Department of the Ministry of Finance; Mr. T. W. Koh, secretary of the National Economic Council; Mr. Yu Ming, director of the Shanghai Office of the Waichiaoou, and Mr. Tang Shu-Hsuan representing the Mayor of Shanghai.

Sir Alexander Cadogan, British Ambassador to China is here to meet his distinguished countryman.

MAGISTRATE ASKED TO RESIGN

(From Our Special Correspondent)

Canton, Sept. 27. It is no easy job to be a model executive of a model county. At least this is the feeling in the mind to-day of Mr. Yang Tsu I, magistrate of Chung Shan 'model' County, who is being charged by busybodies in his district with incompetency and a hundred and one other charges.

Several circulars have appeared in government offices calling upon the magistrate to resign, but he continues to sit tight. He will not vacate unless the Chung Shan Political Tutelage Committee asks him to quit. Mr. Yang was appointed by this committee, composed of Mr. Sun Fo, President of the Legislative Yuan; Mayor Wu Teh Chen of Shanghai; Mr. Tang Shao Yi, former magistrate; Mr. Li Lu Chiao, director of the Canton-Kowloon Railway.

Close friends of Magistrate Yang believe that there is no serious complaint against him except that some persons may be seeking his job. County magistrates are appointed by the Provincial Department of Civil Affairs, but Chung Shan occupies a special position. The head of the county Government is appointed by the Nanking Government upon the recommendation of the Chung Shan Political Tutelage Committee.

HONG KONG, SEPTEMBER 28, 1935.

WHAT IS ARYAN?

Amongst our scientists there is a great diversity of opinion as to the origin and meaning of the term "Aryan," some of them holding that it does not denote a race at all, but merely a primitive language, long ago extinct, which was the common source of the Persian, Slav, Germanic, Greek and many other tongues. Community of language, however, affords no proof or even presumption of community of race, since there is nothing to prevent a language from being transmitted from one race to another. It would not, therefore, by any means follow that the various modern people who share the Aryan languages necessarily derive from a single common ancestor. On the other hand there is a section who are of the opinion that there was, in fact, a race of Aryans, originally domiciled in Persia, who conquered some diminutive negro tribes in India, and migrated later to Europe, but unless they annihilated the indigenous Europeans, and this is highly improbable, it is more than likely that descendants of these non-Aryan aborigines would be surviving in Europe to-day. It is believed that this is the only hypothesis which plausibly ascribes a common racial origin to modern Europeans, excepting the Hungarians, Finns and certain other non-Aryan immigrants, but even on this theory it is still impossible to determine who is an Aryan and who is not.

At any rate, such was, approximately, the state of scientific knowledge prior to the advent of the Hitler regime in Germany, but since then certain new discoveries have been claimed by Nazi research. According to Dr. Ernst Wuest, Professor of Etymology in Munich, "Aryan" is the title of "the people of the Nordic race who settled in India 4,000 years ago and subdued the inferior dark-skinned races there." Thus the Aryans are identified "ex cathedra" with the Nordics, whoever they may be. Though the whole of Dr. Wuest's address is not available at the time of writing, it would not be doing him an injustice if it is presumed that in his view all racially pure Germans are Nordics, and no less an authority than the Fuhrer himself holds that the Aryans are the foundation of all culture. Since Aryan-Nordic-German, the final conclusion must be flattering to the German sensibilities. Whether it will find acceptance among impartial scientists in non-totalitarian countries is another matter altogether, since there is eminent authority for the assertion that primitive Aryan culture was borrowed from Babylonia.

In any case it would perhaps be interesting if Dr. Wuest will give another talk to explain his views about the so-called "Nordic hypothesis" which gained considerable currency in the United States some years ago, so much so that it was made the basis for fixing the immigration quotas. According to this theory people of Nordic descent are peculiarly adapted to develop free institutions and to keep intact the principles of democracy.

UNLAWFUL ARMS POSSESSION

American Seaman Detained

An American named William Brody, aged 32 was arrested yesterday for the possession of a revolver and 12 rounds of ammunition without a licence.

Brody is stated to be a fireman employed on board the President Coolidge. Following his arrest he was taken to the Water Police Station, but was later allowed out on bail of \$500.

He will appear before the Kowloon Magistrate this morning on a formal charge of having arms and ammunition without a licence.

TWO ACCIDENTS

Two accidents have been brought to the notice of the police authorities, one of which occurred in Hong Kong and the other in Mongkok district.

An unemployed Chinese male, named Chik Ki (58) was admitted to the Government Civil Hospital yesterday in a serious condition as a result of being knocked down by a public ricksha while walking along Queen's Road, Central.

A lorry driver named Yik Chuen Fai reported that while he was driving his truck into the Mongkok Garage, a coolie who was on the vehicle fell off from the back of the truck and hurt his head. He was rushed to hospital but died on admission.

FLIGHT FROM MEXICO TO HELSINGFORS

Mr. Farquhar in Shanghai

Shanghai, Sept. 27. Mr. Harold Farquhar, former First Secretary of the British Legation in Mexico City, arrived here from Peking at 10.05 a.m., having taken three hours and 35 minutes for a flight of 650 miles. He is staying in Shanghai for a few days and then intends to fly south-westward until he strikes the Imperial Airways route which he will follow to Europe.

Mr. Farquhar is on furlough and is engaged in a leisurely flight to Helsingfors from Mexico, coming across the Pacific by way of the Aleutian Islands and the Behring Sea. He has been transferred to Helsingfors.

His route so far has been Mexico City which he left on August 20, New York, Alaska, Aleutian Islands, Harbarovsk, Harbin and Peking.

NEW BOND ISSUE IN CHINA

Improvement Of Telegraph And Radio Services

Nanking, Sept. 27. The Legislative Yuan has approved regulations concerning the issue of \$10,000,000 bonds for improving the telegraph and radio services. The bonds will bear six per cent. interest and be issued on October 1 at 98 and retired within seven and half years.

The bonds will be secured on the net revenue derived from foreign telegrams after meeting interest and amortisation payments on loans from the British Boxer Fund Committee.

MAGDALA: THE END OF THE

Objects Of The Expedition Achieved

April 7, 1868.

The ascent from the River Bahr (to Magdala) made by the King (Theodoros) is, or seems to be, a very easy road, only Sir Robert has made up his mind that Theodore has determined to catch us in there (it is commanded by hills on both sides, a regular pass), so we shall not avail ourselves of it, but go along the hills on either side. This will be a terrible business, as the country, except this pass running up, is one mass of hills, increasing in height.

"Knowing this, one is inclined to put down a week almost as the shortest time a force could reach Magdala from the river (the distance being from nine to twelve miles). It is perfectly impossible to describe the rugged mass of bare hills, some almost perpendicular, and gaining in height the farther they stretched. The more one sees of this country the more one sees the absurdity of anyone talking about dashing over it.

"Theodore has desolated everything. We saw his last village burning from the edge of the cliff. It was a village which had remained faithful to him, two; the people all round him, but are afraid to do anything; they can hardly believe we are going to fight him.

April 12, 1868.—Easter Sunday. "I sit down to write an account of the last two days, including the Battle of Magdala. Theodore's camp was in sight to the left front some three or four miles by road, and his guns were also discernible at the top of the Fala. Sir Robert sent the Beloch regiment down below, about a mile or so to our left, to join Colonel Penn's mountain battery, which had come up by the ravine road, and which was in sight coming up towards us from below; also the Jack Tars with their Rocket Battery.

In the meantime the 4th K.O. which I had called up, had arrived and were again lying down calling for water. On hearing the first shot, however, the men jumped to their legs, gave three cheers, and were ready for anything.

HEAVY FLOOD DAMAGE IN JAPAN

Tokyo, Sept. 27. Heavy rains and floods continue to cause widespread damage in Central and Northern Japan and casualties yesterday in the Gumbma and Saitama Prefectures alone, according to the Home Ministry, totalled 270, of which 134 were drowned in the vicinity of Maebashi City.

The River Tone, the largest in Japan, overflowed its banks there and swept away houses, people and livestock. More than 800 fishing boats were swept away by tidal waves at Miyagi Prefecture, while, according to the "Kokumin Shimbun" more than 1,000 persons are missing in the Ibaraki Prefecture and it is feared they were swept by the Kakai River floods.

KING AND QUEEN

London, Sept. 26. The King and Queen will conclude their holiday in Scotland tomorrow. They will travel by Royal train to London, arriving on Saturday.

On Thursday next, the King will hold a Privy Council at Buckingham Palace at which, it is expected, he will give his formal consent under the Great Seal of England, to the marriage of the Duke of Gloucester.

British Wireless.

We publish to-day the third and last instalment of letters written by a British officer on the staff of Sir Robert (afterwards Lord) Napier during the Abyssinian campaign of 1868. They describe the final attack on the Battle of Magdala and the release of the prisoners, the successful storming of the fort, and the death of Theodore, the "Mad Emperor."

"Shortly after the first shot the road down from Fala was covered with Theodore's host. Some 4,000 of them came down, mostly on foot, a small percentage being mounted on good-sized ponies and mules. They came forward at a rapid pace and spread in line and irregular order over a large tract. I saw everything capitally. What a slating they got. The bare idea of these people trying to stand up against our Snider rifles, with their guns and things which take two or three minutes to load.

"Theodore says, 'You have killed half my army, all my best chiefs and fighting men. Now I have none left but women.' The old blackguard was afraid to come down himself but kept up a fire on us from above with his guns. He was firing over our heads at 3,000 yards.

"All the while this was enacting on our front, to the left front Colonel Penn's Battery was not idle. They were left almost entirely to themselves. Sir Robert had just time to send a company of the Pioneers to them. The enemy were advancing in large numbers, Colonel Penn says, to within 300 yards of them, when he opened fire and at once they turned, leaving an immense number on the ground.

"The Pioneers had ten men wounded, more than any other regiment; in fact they were rather outnumbered at the first and asked for support I believe. They were, however, told they were big enough to take care of themselves and take care of their selves they did, and with a vengeance, and of the enemy too. The rascals came howling, and shouting, as they thought, down to a lot of unprotected baggage, instead of which on each mule was a Tommy Atkins with his Snider.

CAMPAIGN

"Our losses consist of ten men wounded in the Pioneers (23rd Punjabees), eight or nine men wounded in the 4th K.O.; nobody killed. I suppose they might be safely put down at 400 to 500 killed and twice as many wounded.

Tuesday, April 14, 1868.

"I have now to give the news of the storming and taking of Magdala yesterday; also, better than all, the news of Theodore's death. My first seventeen pages will explain that all the prisoners have been sent in, including their belongings, unhurt so that the great object of the expedition has been gained. There was one little thing more we wanted and that was Theodore.

"The 33rd stormed the place supported by the 45th. It was a frightful place to take, the doorway would only admit two abreast, the Sappers were unable to burst in the door, so the 33rd got over the wall to the right, broke through the hedge on the top and then opened the door from the inside.

"The enemy lay very close but as soon as our men got well in they bolted as hard as they could and over the far side of Magdala, where I suppose the rock is not so precipitous as it was on my side.

"Now as to Theodore. Instead of bolting down the hill to the rear, he made straight for the third spur of his position, as it were, and there he shut himself in with probably some 2,000 of his soldiers or more. They began to pour shot and shell into Magdala about 4 p.m., and shortly after the infantry advanced and stormed it.

"Theodore was found lying dead inside the inner gate, shot through the head and also wounded in the leg. Some people say he shot himself, but others that he was shot by our men (it was later proved that he shot himself through the mouth, the bullet issuing at the back of the head). He was at once deprived of his clothes, I fancy by the soldiers; probably they have each got a square inch of him."

LOCAL AND GENERAL

The forthcoming wedding is announced of Mr. Joseph Adams, marine engineer, Jardine, Matheson & Co. Ltd., Shanghai, and Miss Gwendoline Dorothy Forrow, of 298 Prince Edward Road, Kowloon.

Among the arrivals from Shanghai to-day by the Empress of Canada was Brig. F. S. Thackeray, D.S.O., M.C., and Mrs. Thackeray. Brig. Thackeray has come to Hong Kong to relieve Lieut.-General Borrett as the Officer Commanding the British Forces in China.

Lt. M. Manlove of the 2nd Bn. The East Lancashire Regt., Hong Kong, who has been appointed Adjutant of the Shanghai Volunteer Corps, arrived at Shanghai with Mrs. Manlove in the P. & O. s.s. Chitral.

A violin recital by Miss Prue Lewis of New Zealand and Hong Kong this evening will be the first of the series of concerts to be given at Lingnan University in Canton this Autumn. Later on in the season recitals will be given by Dr. Robert L. McCandless (baritone), a former resident of Canton, Mrs. A. R. Knipp, (violin), Madam Rollier (pianoforte), and Prof. Harry Ore, (pianoforte), giving lovers of music in Canton the opportunity to hear a number of excellent concerts.

Staff Sergeant Hopkins, of the Royal Army Ordnance Corps, residing at No. 30 Hankow Road, has reported that his daughter, Maureen, aged seven years, was bitten on the arm by a dog belonging to a Private Mason, of the same regiment, living at No. 32 Hankow Road. The girl was treated by a military doctor, and the dog was removed to Ma Tau Kok for observation. Mrs. Wong, residing at No. 199 Prince Edward Road, has reported that her house, boy, Mat Yat, was bitten by her bull terrier, while he was playing with the dog. He received treatment at the Kowloon Hospital, and the dog was removed to Ma Tau Kok.

Mrs. S. H. Garrod, Mrs. D. M. Biggar, Mr. L. Dunbar, Mrs. G. Miskin, Co. A. P. and Mrs. Whitaker, Mr. E. A. Brodie and Mrs. R. R. Roxburgh all returned to the Colony yesterday by the R. M. S. Empress of Canada.

A dinner dance will be held at Repulse Bay to-night when the last bus (for town) will leave at 1 a.m. A tea dance will be held on Sunday when a half-hourly bus service will be run.

Miss A. Gill of the Government Senior Clerical Service (Medical Department) returned yesterday by the "President Coolidge" after a holiday spent at Karuzawa, Japan.

One case of diphtheria and four of enteric fever were reported to the Health Authorities for the 21 hours ended on September 26.

There were eight foreign and 246 Chinese deaths in the Settlement during the week ending September 21, of which three foreign and twenty Chinese were attributed to the dread tuberculosis. One foreigner died from beri-beri. There were two foreign deaths in the French Concession.

In view of the "national emergency," 140 geisha-girls belonging to the Tokon Geisha Unit of Kobe, will become members of the Women's National Defence Society, reports the "Japan Chronicle."

Mr. Nicholas Hannen, son of a former Chief Judge of H.M. Supreme Court in Shanghai, played the lead in a very witty comedy "Accent on Youth" produced on September 3 at the Globe Theatre, London, and earned all-round praise from the critics.

A film recording scenes in connection with a recent commemoration of the death of Dr. Sun Yat-sen, at Tokyo, will be presented to the Chinese Government.

NEWS SUMMARY

A party of Philippine Boy Scouts who went to America two months ago to take part in the Jamboree which was subsequently cancelled passed through the Colony yesterday on the R.M.S. Empress of Canada on their way home. An interview with one of the two scoutmasters appear on Page 6.

Professor Nicholas Roerich who has been spending some 16 months in Mongolia collecting grass-seeds and studying the vegetation in that country arrived in the Colony yesterday. For further particulars please refer to Page 6.

Senor Manuel Quezon, President-elect of the Philippine Island, arrived in the Colony on the s.s. President Jefferson yesterday but when approached by representatives declined to give an interview, explaining that he had "come here for a rest." Page 7.

His many friends will learn with regret that due to ill-health, M. Soulange Feisser, the French Consul-General in Hong Kong, has found it necessary to leave his post and will probably sail within a fortnight. M. Feisser is immensely popular in both official and unofficial circles and the news that he is compelled to retire for health reasons will be received with regret. Page 7.

The Hong Kong Rifle Association have now settled down to work in earnest and following the Spoon and Practice Shoot, which was held earlier in the week, another has been arranged to-day at the Naval Range, Stonecutters Island. A War Department launch will convey members to and from the range, no charge being made for this. Page 11.

A treat is promised polo enthusiasts on Wednesday, October 2, when the final of the K. O. Y. L. I. Cup Tournament will be played on the Polo Ground, Boundary Street. The teams taking part are the Royal Artillery and 2nd Battalion Royal Welch Fusiliers and in the course of the afternoon the pipe band of the Hong Kong Brigade, H.K.S.R.A. (by kind permission of Lt. Col. D. C. Wilson and Officers) will be in attendance. Page 11.

Last week's six-a-side soccer organised by the Hong Kong Area Sports Board served as a curtain raiser to the 1935-36 Football Season in Hong Kong. A full list of matches are down for decisions to-day and to-morrow, and "Pivot" gives a resume of the various Clubs' prospects and their last season's form. The rumour of some Army players doing service for the Police is as yet unconfirmed. Page 10.

The Americans gained a well earned victory over the Chinese in the baseball clash last week and to-day they will be up against the week Canadian team. The Chinese will have to win their two remaining matches if they intend to be in the running for the pennant as a defeat would mean the Americans carrying off the honours. Page 11.

The Volunteer Orders for the next week issued by Lt. Col. H.B.L. Dowling, D.B.E., have just been published and gives, in addition to the many items of interest to members of the Corps, the latest promotions. L/Opl. E. M. Bryden has been made Corporal while Ptes. For the prison in the Pa Sung district of Greater Shanghai, over 170 mow of land has been purchased, and, when completed, the prison will be able to accommodate more than 8,000 prisoners.

EVENTS MARK TIME AT GENEVA

No Further Concessions To Italy?

MUSSOLINI TO MAKE NEXT MOVE

(Special to the "Hong Kong Daily Press" (Copyright).)
(By Telegraph, Copyright, Telegraphic Messages Ordinance, 1924.
Received, September 27, 7:30 p.m.)

Geneva, September 27.
Special emphasis laid in the course of Thursday's Council meeting on the still existing possibilities of conciliation is interpreted here as indicating that the League is anxious to meet Italy half way so long as the latter refrains from carrying out her plan of military conquest of Abyssinia.

Rome observers are inclined to believe that Italy could probably bring about a conference outside of Geneva provided she could see her way to giving formal assurances and tangible guarantee that she would not precipitate an armed conflict with Abyssinia.

According to reliable information the Italian delegation told M. Laval that Italy has no intention of withdrawing from the League unless she is compelled to do so by circumstances which leave her no choice such as for instance the closing of the Suez Canal.

The consensus of opinion here seems to be that it is up to Signor Mussolini to make the next move for it is considered out of the question that the Conciliation Committee's proposals can be materially modified in the course of eventual diplomatic discussions.

It is understood that M. Litvinoff strenuously protested in the course of the Council's secret session on Thursday against the Committee's suggestions on the ground that they were calculated to prejudice the sovereignty of a League member, but he subsequently declared himself willing to accept them as a basis of a possible peaceful settlement to the conflict.

Other Council members are known to share M. Litvinoff's view that the obligations to be imposed on Abyssinia under the Committee's plan is incompatible with the letter and spirit of the covenant.

Under these circumstances France and Britain, even if they are willing to make further concessions to the Italian standpoint will probably be prevented from doing so out of regard for the prevailing sentiment among other Council members. The Conciliation Committee's report must therefore be considered to contain the maximum concessions which Italy may hope to obtain from the League.

ITALIAN CONVICTION

Italian League circles now as before are convinced that the real driving power behind the League's action is Britain which in their opinion is determined with or without the League to prevent Italy from gaining a foothold in Abyssinia.

It is regretted in League circles that the idea of an Italian mandate over Abyssinia, as suggested by Baron Aloisi in his communication to Senor de Madariaga, has not been taken into consideration by the League, it being held on the Italian side that this solution would alone take due account of the realities.

MARCH ON ADOWA

Paris, Sept. 27.

Nothing can prevent the Italian expeditionary force attacking Adowa, declares "l'Matin," which adds that nobody in Paris seriously believes that a peaceful solution of the Italo-Abyssinian dispute will be found.

Most of the papers believe that the best time for negotiations will be after war has broken out, and suggest that in January the League might be in a position to secure an armistice.—Reuter.

COMMITTEE PROGRAMME

Geneva, Sept. 27.

The first proceeding of the Council Committee of Thirteen when it meets in the morning will be the consideration of Abyssinia's request that a League Commission be sent to Abyssinia as observers in case of aggression. The Committee will then consider the broad lines of their report.

Meanwhile the Committee of Five will be maintained to uphold the meetings unless the situation changes.

M. Laval is leaving for Paris this afternoon. Baron Aloisi will also leave Geneva in a few days, possibly for Rome.—Reuter.

GENEVA DEPARTURES

Geneva, Sept. 28.

The chief delegates of the great powers including M. Laval and Mr. Anthony Eden will leave the League capital on Friday but it is announced that they will return at the beginning of next week.

According to general expectations the new committee of thirteen will meet in five and ten days time for drawing up its recommendations, which are to be submitted to the parties in dispute.—Transocean Kuo Min.

NAVAL ACTIVITY

Rome, Sept. 28.

Five British submarines escorted by several destroyers arrived on Thursday at Astakos, a port of Patras.

Despatches from Crete state that an Italian warship was sighted off the islands of the north west coast where it is alleged to have been taking soundings.—Transocean Kuo Min.

HOPES FADING

Paris, Sept. 28.

Hopes for the success of the Geneva talks and that their outcome will be a formula which will make possible the settlement of the Italo-Ethiopian quarrel, are steadily diminishing.

Le Temps, one of the best-informed Paris newspapers, in an editorial, declares: "Nothing is yet saved; all is not lost."

While it is generally agreed that there will be a breathing spell of ten or fifteen days for negotiations before sanctions procedure commences, the opposition of many members of the League to the Committee of Five's report is regarded by some as not encouraging. They draw from it the conclusion that the Council Committee's recommendations for settlement of the affair will be even less generous to Italy than those which the Committee of Five achieved.—Reuter.

NOT MUCH HOPE

Rome, Sept. 28.

To-day's proceedings at Geneva were regarded as a foregone conclusion here to-night and drew very little comment.

Authoritative quarters informed "Reuter" that the Italian delegation would stay at Geneva and patiently await the outcome of the Committee's deliberations.

"But we have not much hope," a spokesman said.

It is declared here that one committee has succeeded another in the true "Geneva tradition," but that the second Committee begins its work with Italy in a very much stronger position since the report of the Committee of Five recognised the inability of Ethiopia to manage its own affairs.

TWO WAYS OUT

Writing in the "Giornale d'Italia," Gayda says there are two ways in which the Covenant can be applied to the dispute. One is by the application of the first three paragraphs of Article XVI, which holds justified sanctions. But the other is the fourth paragraph of Article XVI, providing for exclusion from the League of any member violating one or any of the undertakings of the Covenant.

In this instance the Covenant would be applied against Ethiopia, he pointed out.

He also discussed Article XIX.—Reuter.

AGGRESSION IN EUROPE

Britain's Reply To France

London, Sept. 27.

The British note in reply to the French enquiry whether Britain will support collective action in the case of European aggression was received in Paris last night and immediately telegraphed to M. Laval at Geneva.

It is understood from reliable quarters that the reply consists of a refusal to make any advance promise in regard to any specific hypothetical case of aggression in Europe.

The reply reiterates the concluding part of Sir Samuel Hoare's speech at the Assembly wherein he emphasised that Britain adamantly stands for collective maintenance of the League covenant and collective resistance to all acts of unprovoked aggression.—Reuter.

London on New York cross-rate at 2 p.m. to-day was 4.9188 compared with 4.9125 at closing yesterday.

REPORT NECESSARY

Geneva, Sept. 28.

The decision which the League Council reached at to-day's meeting, to take action with reference to the Italo-Ethiopian dispute under Clause Four of Article XV of the Covenant, involves preparation for the publication of a report containing a statement of the facts of the dispute and recommendations which are deemed justified. This is not the first time the Council has decided upon such a course. Exactly the same procedure was adopted in the case of the Gran Chaco War and the Sino-Japanese dispute.

Britain also once invoked action under Article XV in an oil dispute with Iran which was finally settled by negotiation.—Reuter.

RESOLUTION ADOPTED

London, Sept. 28.

The Second Commission of the League Assembly to-day adopted the resolution moved on Tuesday by the British member, Dr. Leslie Burgin, Parliamentary Secretary to the Board of Trade, recommending that Government should conclude bilateral agreements based on the most-favoured-nation clause, with the object of encouraging freer trade, subject, if necessary, to a provision that in the event of a large variation in the rate of exchange between the currencies of the contracting parties, the agreements may be reviewed at short notice.

The preamble recognised as the ultimate objective a return to the international gold standard, but points out that effective measures to remove impediments to world trade need not wait on restoration of the gold standard.

The Assembly is expected to conclude its business to-morrow, but in view of the international situation it will adjourn without dissolving.—British Wireless.

MANY DETAINED

Athens, Sept. 28.

Large numbers of persons have been detained at Rhodes by the Italian authorities for discussing politics and upholding the attitude of Britain in the present crisis, according to reports received here. Some 1,500 troops are stated to have arrived at Astropoli Island, in the Dodecanese group, and are erecting temporary fortifications. Torpedo boats are stated to be patrolling the islands searching for suspected craft and they are preventing Greek people departing for non-Italian shores.

Developments are reported from other islands. The arrival of 23 aeroplanes and two warships of small tonnage at Carpathos, where troops and artillery are expected, are making necessary the commandeering of large houses and every casa of any size. These steps are being taken in view of the expected arrival of troops.

There has been a concentration at Calymnos of numbers of aircraft, submarines and torpedo boats.—Reuter.

LIBERTY TO INCREASE THE NAVY

Britain To Send Note To America

London, Sept. 27.

According to the "Daily Express," the British Government is sending a note to the United States this week-end stating that His Majesty's Government must regain the liberty to increase the Royal Navy considerably, giving the Government's Empire responsibilities and its foreign commitments as the reason.

The "Daily Mail" declares that Great Britain will shortly inform all signatories of the Washington Treaty of her intention to embark upon a big construction programme, which has been deferred up to now in the hope of arranging a naval conference in the autumn.

This newspaper points out that the prospects of a naval conference have now disappeared and that the hope of successful outcome of any negotiations for the

control of naval building has been abandoned.

At present it is impossible to obtain official comment. But "Reuter's" Diplomatic correspondent writes that it is unlikely that Great Britain will exceed the provisions of the naval treaties before their expiry. But in view of the naval developments abroad, particularly in certain European countries, it would not be surprising if Britain should invoke the escalator clause immediately.—Reuter.

OFFICIAL DENIAL

London, Sept. 27.

An emphatic official denial has been given to the "Daily Express" naval report. It was stated that no note has been sent by the British Government to the United States nor was such action contemplated.—Reuter.

MOSLEM POPULATION OF LIBYA

Pacification Efforts By Italy

Rome, Sept. 28.

In view of the war threat in Abyssinia, the Italian authorities are now making various concessions to the Moslem population of Libya in the hope of maintaining peace in this colony.

The King of Italy for instance has bestowed the title of Hereditary Prince on the chief of the influential Caramant family in Tripoli, Sulaiman Hussina who was one of the first native leaders to recognise the Italian rule after the landing of the Italian troops at Tripoli in 1911.

The Governor of Libya, moreover, had four new mosques built, and a further five renovated as well as reopening six others. In addition, the custody of the church property of Benihassi and Derna has been entrusted to Moslem curators.—Transocean Kuo Min.

TROOP MOVEMENTS IN ABYSSINIA

Addis Ababa, Sept. 28.

The rumours of a general mobilisation which as previously reported have been denied by the Abyssinian Government are probably traceable to the fact that large troop movements took place recently in the border provinces. Orders for these movements had been given sometime ago but could not be carried out previously owing to the heavy rainfall.

The total number of warriors that could be called to the colours in the event of a general mobilisation, is put at one million and seventy-five thousand, according to figures compiled by the War Ministry.

Now that the ground is dry enough to enable light machines to take off, the Abyssinian air force has begun its activities on Thursday with some practice flights.—Transocean Kuo Min.

PRaise FROM AMERICA

League's Defence Of Principles

New York, Sept. 27.

Never in its history has the League accepted a challenge to its own principles so clearly and boldly as yesterday in the Council's vote, says the "Herald Tribune" in commenting on the peace efforts at Geneva.

The League has arisen to assertion of its vitality which many doubted it could ever make, asserts the paper.

The "New York Times" comments in a similar strain and adds that if Signor Mussolini felt strong enough to defy the League he should never have taken his case to the League for adjudication.—Reuter.

MR. CHURCHILL ON ITALY

Mussolini's Action Deplored

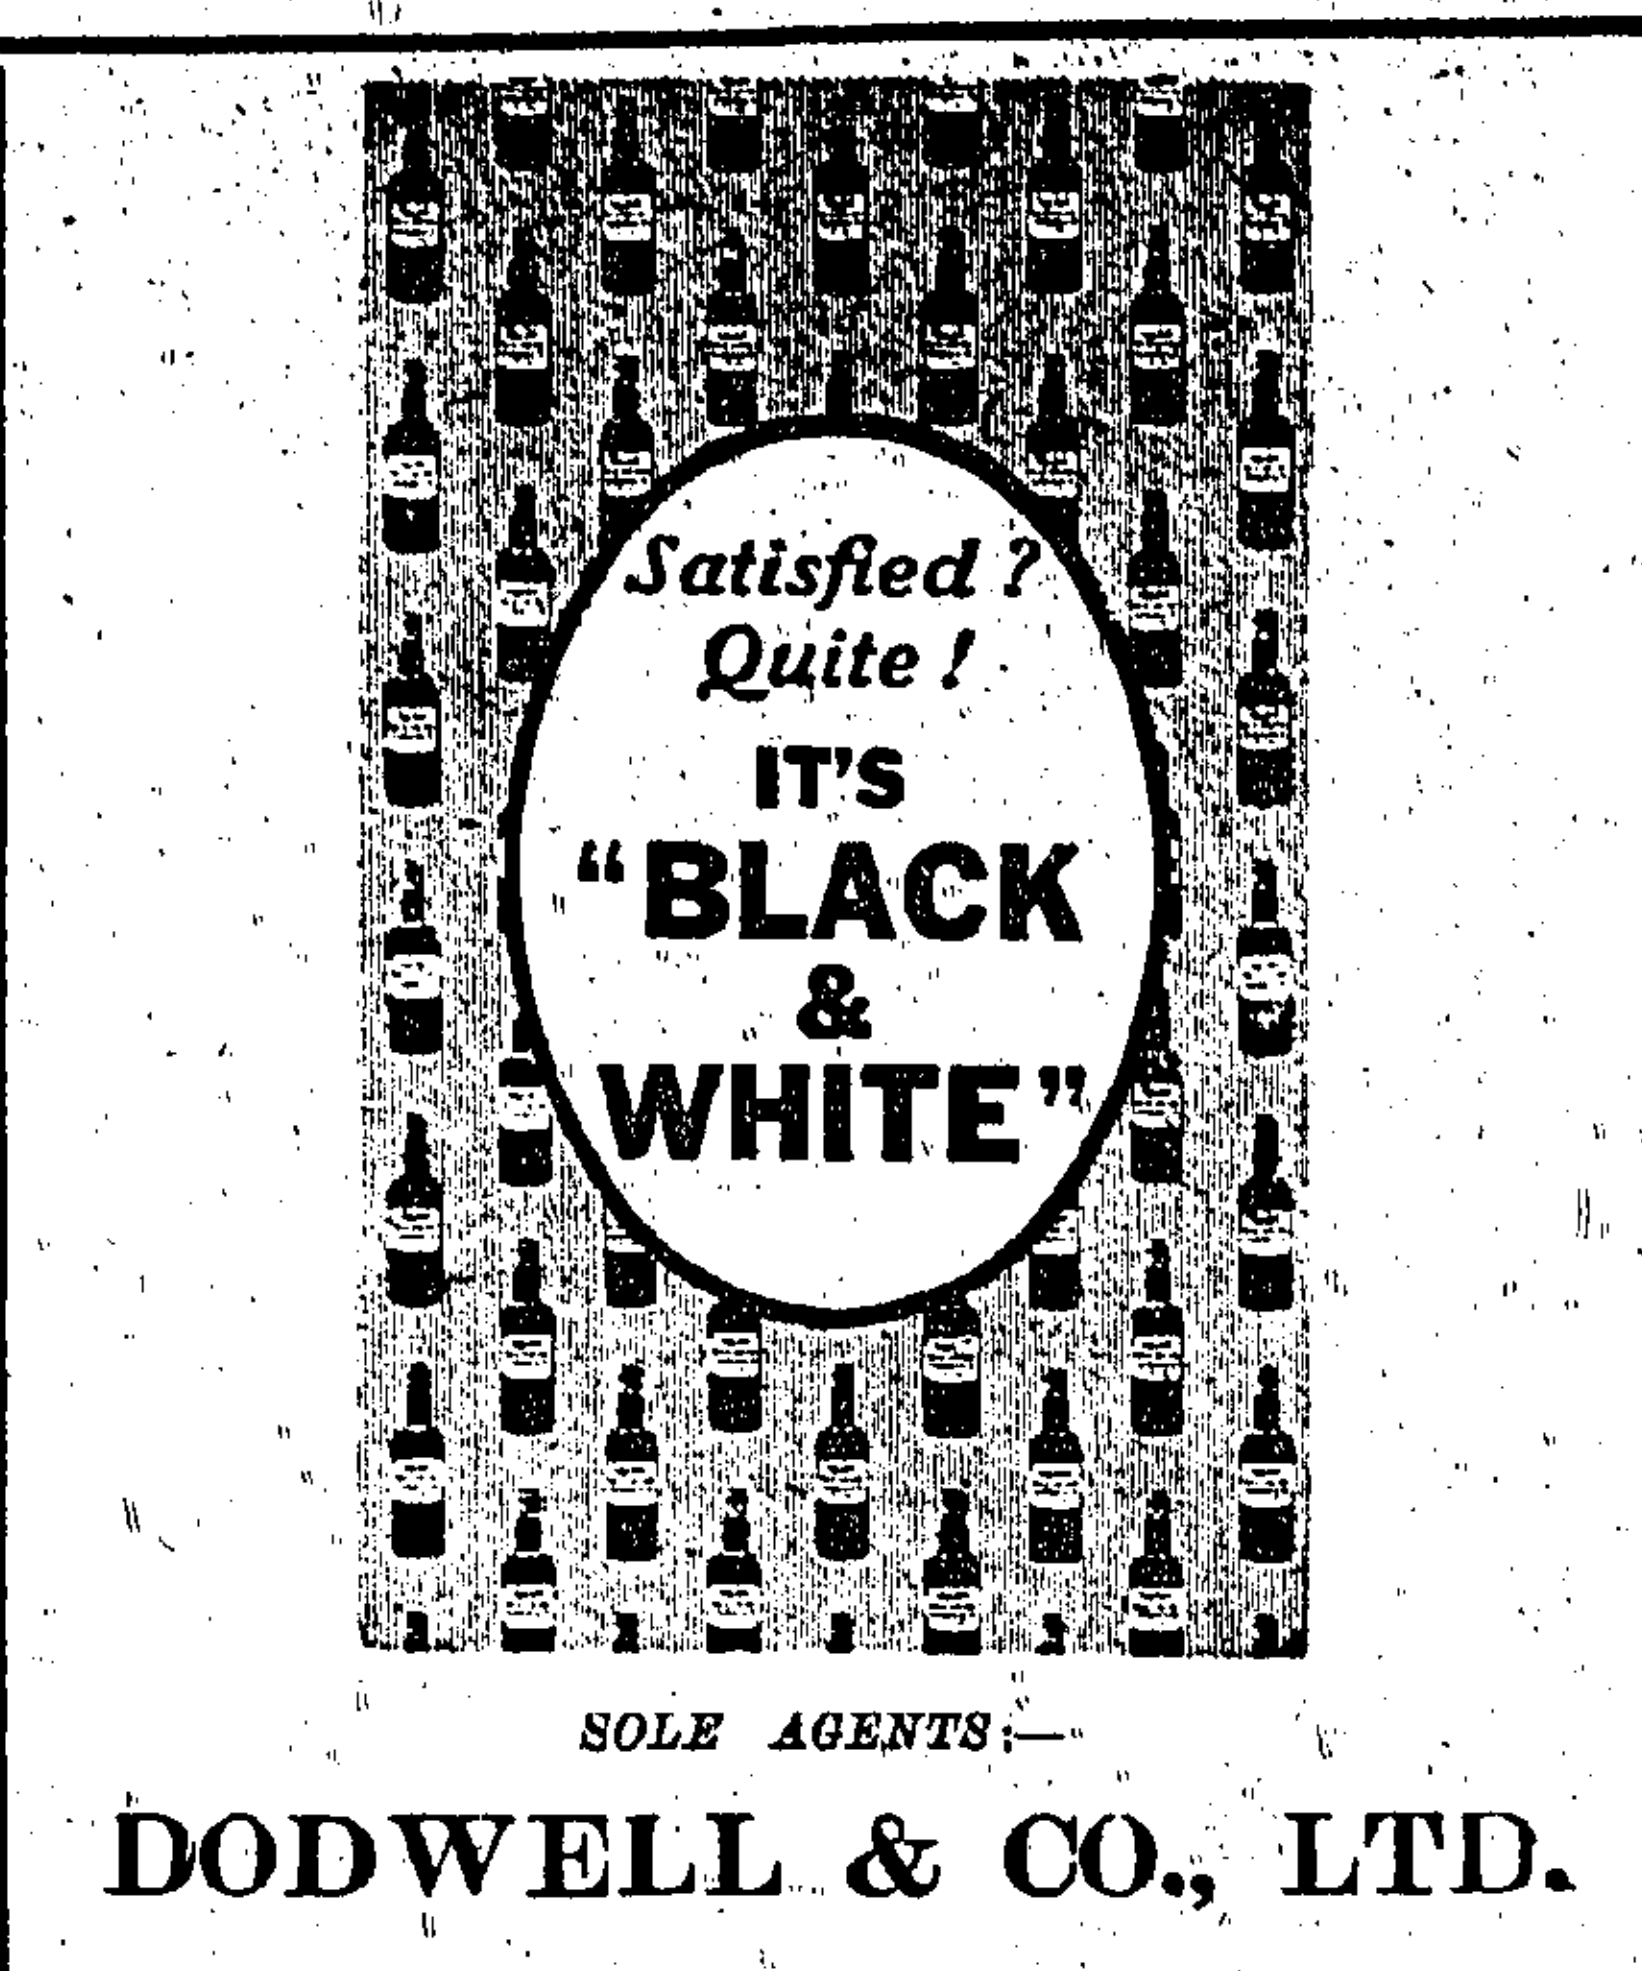

London, Sept. 28.

Mr. Winston Churchill referred to the Italo-Ethiopian dispute in speaking at a luncheon on the City to-day. "The whole country, indeed, the whole Empire, I believe ready to support the Government in making a contribution to the authority of the League of Nations, in accordance with the obligations into which we have entered. We do support the Government in making it quite clear that there is no question of single action by Great Britain."

He continued:—"We in this country are sorry there has been an angry campaign against us in the Italian press and are very glad our own newspapers have made no rejoinder. The issue does not lie between Italy and Great Britain. It lies between Italy and the League of Nations."

Speaking as a "proved friend of Italy," Mr. Churchill said he was surprised that so great a man and so wise a ruler as Mussolini should be willing to put his gallant nation into such an uncomfortable military and financial position. He deplored more than he could say the course which seemed to remove the Italian comrades and the old Allies from the group of Great Powers which was striving to rebuild the harmony of the European family, in which the grandeur of a revived Italy played so great a part.

Mr. Churchill went on to describe the measure of rearmament undertaken by Germany and made a strong appeal for the strengthening of British defences, especially air forces. He regarded the Navy as fully competent to discharge any duty which might be required of it this year or next year, but the future must be provided for.—British Wireless.

LORD SENT TO PRISON

Theft And Forgery Charges

London, Sept. 27.

Lord Edward Montagu, second son of the Duke of Manchester, was found guilty at the Old Bailey to-day on charges of theft and forgery of a bookmaker's cheque for £17 from Mrs. Van der Elst, a rich widow with extensive business interests.

Lord Montagu, who had been the lady's secretary, was sentenced to nine months' imprisonment.

After the verdict had been given, the widow jumped up and shouted: "May I beg for leniency, please?" A police sergeant immediately asked her to resume her seat. She did so saying, "but I must insist on leniency."—Reuter.

NEW GERMAN LINER FOR FAR EAST

(Special to "Hong Kong Daily Press")

(By Telegraph, Copyright, Telegraphic Messages Ordinance, 1924.
Received, September 27, 7:30 p.m.)

Bremen, Sept. 27.

The maiden voyage for the new Far East express steamer Guelstan, the Norddeutscher Lloyd 18,000-ton super-liner, begins on January 3, 1936.

The liner will carry 150 passengers first class, and 144 tourist class. The Guelstan will be equipped with the most modern comforts.

From Bremen to Genoa the voyage will take nine days, and from there to Shanghai 23 days.—Transocean Kuo Min.

COAL STRIKE AFFECTS THREE STATES

Washington, Sept. 27.

A last minute dispute between the mine owners resulted in failure of the Virginia, Tennessee and Kentucky owners to sign an agreement to end the coal strike.

Mr. John Lewis, President of the United Mineworkers, declares that the strike will continue in these States, but elsewhere the men will return on October 1. The agreement provides for various wage increases. "We got everything we asked," Mr. Lewis declares.—Reuter.

NEW GOLD REEF IN SOUTH AFRICA

Johannesburg, Sept. 27.

The existence of a great new gold reef, which runs to a depth of 10,000 feet, has been revealed by Government boring operations. Making the announcement, Mr. Hans Pirow, Government engineer, declared the new reef runs the whole length of the existing Witwatersrand, and the estimated value of the gold contained in the property is £220,000,000.

The mining operation will necessitate deep excavations, since the level of the present drift is 250 feet below the level of the deepest mines in existence, but recent research has proved the feasibility of working at 10,000 feet and lower.—Reuter.

SHOOTING OF STUDENT

Youth To Blame

(Special to "Hong Kong Daily Press")

(By Telegraph, Copyright, Telegraphic Messages Ordinance, 1924.
Received, September 27, 7:30 p.m.)

Belgrade, Sept. 27.

The injuries sustained by the German student Otto Mackensen on Wednesday when a party of thirteen German and six Yugoslavian students were attacked at the town of Pecs by radical communist students have proved fatal, the operation performed having been unavailing.

An official enquiry held into the circumstances of the affair reveal that the fatal shot was not fired by a communist as at first reported. When the attack on an omnibus began, a Yugoslavian youth named Petrovics, belonging to a student party, drew a revolver and pointed it through the omnibus window at the attackers and fired. In drawing the revolver, back again he inadvertently pressed the trigger a second time, the shot hitting Mackensen in the abdomen.

Petrovics himself confessed to being the cause of the unfortunate accident.—Transocean Kuo Min.

GOLD CLAUSE BONDS

New York, Sept. 27.

The Treasury announces that it is redeeming the outstanding \$3,424 million "gold clause" bonds and notes at par plus interest to January 1, 1936, thus opening the way to retirement of the gold clause Federal securities.

The Treasury's action is in accordance with the provisions of congressional resolution outlawing the gold clause suits after January 1, 1936, but since all securities affected are selling above par, there is little likelihood of holders accepting the Treasury's offer to redeem.—Reuter.

CURTAIN RISES ON FOOTBALL SEASON TO-DAY

Prospects Of The Teams Reviewed

SOUTH CHINA'S CHANCES OF RETAINING HONOURS

(BY "PIVOT")

Now that the Lawn Bowls Season is at an end chief interest will centre on football which will commence its season to-day with a full list of matches.

Last Saturday's six-a-side soccer organised by the Hong Kong Area Sports Board served as a curtain raiser to the 1935-36 season. The form displayed by many of the players augurs well for the coming season and once again the competitions will be very keenly and evenly fought out.

To start the season right a word of warning to the players and officials alike will not be amiss. Bearing in mind the amount of trouble which occurred last season due to ungentlemanly conduct on the part of the players and the haphazard way in which some of the officials handled the games, it would do well for both this year to eliminate all such incidents and try to make the game more interesting for themselves as well as for the spectators.

ARMY PLAYERS FOR THE POLICE?

In order that the rules will not be flagrantly infringed, referees should act with an iron hand to stamp out any sort of dangerous or ungentlemanly play. The Council too should act sternly and the first case of breaches of the rules should be treated in such manner as to serve as a deterrent to others.

THE PROSPECTS

Last year's Champions, South China "A" will no doubt be all out to recapture this honour and with this end in view they have once again mustered their old warriors with several new additions to their team.

Some of their "A" and "B" players have only recently returned from a tour of Java and the Malay States, and are all in the pink of condition. Their stalwarts, including the four musketeers—Li Ting Sang, Tam Kong Pak, Fung King Cheung and Ip Pak Wa—have all signed on again and with the inclusion of Chen the Shanghai star this team ought to go a long way again this year. But that is not all. Lee Wai Tong, the idol of millions, has definitely agreed to don the "A" uniform. His inclusion alone will more than act as an incentive to the team. Lee when seen by "Pivot" before his departure for Shanghai with the Interport tennis team, stated that he would be playing in the football and tennis for the South in the forthcoming National Meet up North. His return to the soccer field will be very much awaited. Another old timer in the person of Pau Ka Ping will be making a welcome return to the Chinese team. Pau who had kept goal so well for South China, is still as good as ever and with the galaxy of talent at their disposal, South China "A" should go a long way in the race for championship honours again.

CHINESE "B"

Certainly by the return of all these stalwarts plenty of improvement will be found in the South China "B" this season. It is noteworthy that last year, when they had had to forage players for themselves and with the "A" calling on their men from time to time their prowess in the senior shield was not disputed in any way. Most probably this year will find them still in a more unassailable position. Their defence will no doubt be very much strengthened by Wong Wing, Leung In Chan or Lau Ring Choi. They can still call on many of their last year's forwards in the persons of Lee Shek Yau, Cheuk Chek Kam, Henry Young and others. Their debut this year will be looked forward to with interest.

THE CLUB

The Hong Kong Football Club did pretty well towards the end of the year. Somehow or other injuries and one thing or another robbed them of several of their good players. It is doubtful whether their star centre half, Jimmy Pote-Hunt, will be able to turn out for them as indications suggest that he will be transferred from this port very shortly.

The absence of Howe in the centre forward berth will be a great loss to them, and although Fowler is a dashing player he lacks that thrice which Howe alone possessed.

The defence will in all probability be about the same. Syd Orange has broken his small finger in the six-a-side soccer and the will be badly missed in their initial encounter. Rodger will serve between the sticks for yet another season while Gamble will be playing at back. Their half back line in Robertson, Gilchrist and Skinner is not as strong as could be expected but there is always room for improvement.

Bickford will be once more seen on the left wing and will have Forrow as his partner.

CHINA ATHLETIC

The rumours that Suen Kam Chuen, Lee Yee San and one or two Northern players will be turning out for the Athletic are all unfounded. When "Pivot" called on an official of the Club he was informed that these players are not playing for them at the present as they have all had to return to Shanghai. Nevertheless the Athletic team has made the greatest advances since last season. They have a very reliable team but their form is so uncertain that even the most hardened critic will be at a loss to forecast their form. In any case they have still such well known and dependable players as Chu Ah Fai, Chen Chen Wo, Ho Ka Keung and others and their initial game of the year, when they played a friendly against the Recreio, gave one the impression that they are up to something big this year. Their prospects are as bright as any other team.

THE RECREIO

Many will remember the Recs in some of their games last year. Starting very promisingly in the first half, they fell off in the second and allowed their opponents to do as they pleased. But in the spirit of the game there is nothing lacking. They did quite well towards the end of the season and if they are to start the present one in the same fashion things would certainly look rosy for them. The Gosanos will be again at the Club's disposal. Bowen, their hefty back will once again be at back while Beltrao will be in the pivotal position. There is very little new blood being introduced into the team and the only change in all probability will be R. Marques deputising for E. Marques at goal.

KOWLOON

The Kowloon Football Club will be playing practically the same team as last year. One or two newcomers may be seen in action but the majority of those who have been signed on will do service in the junior team. Boys will no doubt be available again although there is talk of his being stationed in the New Territories. "Sonny" Bliss will be making a welcome return to the Kowloon side while "Jock" McKelvie one of those untiring footballers may be seen once again. The Knox brothers and the White brothers will no doubt be very much improved men by the experience which they gained last year.

THE POLICE

The Guardians of the Law may be the "dark horses" of the coming season if what I have heard may be taken as a criterion.

Several Army players, it is said, are to join the Force and if this is true there is no reason why they should not be in the limelight this year.

At the end of last season they played football of a high standard and if they had only played earlier in the season with the same form they might have won the League or Shield.

McHardy, their veteran, will once more keep goal while C. Pile and Blackburn that pair of "brick wall" will be standing before McHardy. It is a pity that Parker will not be able to play in the first two months due to an injury but Gough, Brooks, Channing or Brittain will serve just as well in the half back line.

The forwards will remain about the same. T. Pile, Stevens, Greene, Moss and Johnson will all be available.

ST. JOSEPH'S

St. Joseph's will have to rely on very much the same players as last year.

They had several Army players donning their uniform then and it is doubtful whether these players will be available again this year. Leonard, Souza, Costa, Victor, Ward, Ellis and Fernandez will all be turning out but whatever team they may be able to get up, it will not be much of a bother to the other teams.

THE SERVICES

One of the most unreliable and untrustworthy teams is that of the Royal Navy. The boats are continually on the move and they have never been able to field the same team for two consecutive matches. This year it will be no exception as already many of the boats have left for distant waters.

Lincolns is a very much improved team this year. The old warriors Ash and Edmundson will be on view again while their forward line which is about the best in the Army and consisting of Baldry, Malpas, Higgins, Ridley and English will all be available.

East Lancs will have to put in a lot more practice if they intend to come up to scratch. They have a very reliable team and a little more team work will get them a long way. Most of their last year's players are at the disposal of the Battalion and perhaps with new blood from the junior teams they ought to be able to give a better display this year.

The Royal Welch Fusiliers have been undergoing very strict training under a special "coach." They have revealed to me in several of their inter-company matches that they too, are an improved lot. Their big timers are all available and a little more effort in the right direction will find them in the fore front.

The Gunners are playing two teams in the first division this year. I have been told that they have a number of new players which necessitates this procedure. I saw one of the teams at play sometime last week but they did not in the least impress me. Plenty of hard work will not do them any harm this year.

TO-DAY'S GAMES

The game that will undoubtedly draw the biggest crowd and provide the most thrills will be that between South China "A" and the East Lancashire. This game is sure

to be very hotly contested and the chances are that whichever side wins the margin will be a very small one.

Another game worth seeing is that between the Recreio and the Police. Both teams are about of equal standard and it will be one of those matches when something out of the ordinary will happen.

Two Army teams will clash at Sookunpoo—Lincolns and the Fusiliers. This ought to be a grand affair with the Lincolns being slightly superior. The St. Joseph's Kowloon match will no doubt be a good test for these teams' staying power, while the Club should just about account for the R.A. Stonecutters.

On Sunday R. A. Lyemun are entertaining the Athletic and I will not be a bit surprised if the Chinese will have a runaway victory.

KOWLOON CRICKET CLUB—ANNUAL MEETING

Messrs. Nash And Hirst Elected Life Members

An appeal for members to give more support was made by Mr. Ezra Abraham, when he presided at the annual meeting of the Kowloon Cricket Club yesterday evening. He said: "This is the premier recreation club of Kowloon, and affords facilities unrivalled anywhere in the Colony. I know that times are very difficult but if ever a Club deserved support, it is this one. Resign from every other Club if you must, but stick to the K.C.C."

Messrs. F. E. Nash and W. H. Hirst were honoured with life membership, whilst Mr. Justice R. E. Lindell and Mr. Ezra Abraham were unanimously re-elected President and Vice-President respectively.

Proposing the adoption of the report and accounts, the Chairman referred at length to the Club's activities, membership and financial matters, extracts from his speech being given below:—

In presenting the Club's Report and Accounts for the year 1934/5 I am asked by the President to express his regret, first that he could take leave only at a time which prevented his being present here to-night, and secondly that very great pressure of work in the past two months has made it a most impossible for him to get over here as often as he would have liked.

There is little, I think, to comment on in the report, which shows that the Club's activities have been well maintained in all directions.

As regards our membership, 53 new members joined during the year, and 90 resigned. Last year's report showed our total membership as 323, as compared with 263 this year, but during the year your Honorary Secretary and I went through the list and struck off 23 names of members who had left the Colony, and were not likely to return.

We deeply regret the deaths of Messrs. R. S. Logan, S. Komor, and F. Meade.

ACCOUNTS

Turning now to the Accounts, I trust you will agree that the Working Account is, on the whole, not unsatisfactory. It shows admittedly a loss on Working of \$1,360.61, but that figure is reached after making full allowance for depreciation of our Club House, Billiard Tables, Fittings, and Gear, and is largely offset by the receipt of \$930 in Entrance Fees, which in accordance with our new policy, have been credited not to Income, but to Reserve. It also includes a further \$250.00 which your Auditors have considered should be added to our Reserve against possible Bad Debts. In the result we are in fact less than \$450.00 worse off than we were a year ago, and considering the hardness of the times, and the difficulty in a large Club like this of cutting down our overheads, and the fact that our Bar and Meal Profit has fallen by \$1,100, and members' Subscriptions by \$2,500, I think we are entitled to congratulate ourselves that we are still in a very sound financial position. (Applause.)

THE FUTURE

As regards the future, I feel I must appeal to members to give the

HONG KONG RIFLE ASSOCIATION

The Hong Kong Rifle Association have now settled down to work in earnest and following upon the Spoon and Practice Shoot held earlier in the week, Range Practice and Spoon will be held on the Naval Range at Stonecutters Island to-day.

A War Department launch will leave the R.A.S.C. Camber at 1.30 p.m. calling at Kowloon Pier at 1.40 p.m. and Shamshuipo Camp at 2.10. She is due to arrive at Stonecutters, alongside the range, at

2.20 p.m. and by courtesy of the Military authorities, no charge will be made for this trip.

PASS NECESSARY

It should be noted that no one will be allowed to land who is not in possession of a pass, such passes to be given out in the launch.

Should anyone be going privately, he must communicate with Major Steers, secretary of the Association in order that a pass may be forwarded him. Owing to the limited target accommodation no affiliated member of any regular Army Rifle Club will be allowed to shoot, and all members are asked to note that they must bring their own ammunition. Further it is stated that telescopes or field glasses are essential since without them the spotting discs cannot be seen.

The return launch leaves Stonecutters at 7 p.m. calling at the places mentioned earlier in this article.

GRIMMITT NOT PLAYING

A. W. Grimmitt, of the Civil Service C.C., who was selected to play No. 3 in A. M. Holland's rink in the forthcoming interport bowls encounter against Shanghai, departed for a holiday by the s.s. President Jefferson yesterday. Mr. Grimmitt will probably be away for a month.

BASEBALL NOTES

To-morrow's Big Game

(BY "BLEACHER")

The American-Chinese baseball clash last week provided fans with plenty of excitement as before the commencement of this game the Americans had lost two games and the Chinese one. A win for the Chinese would in all probability have given them the pennant but the reverse provided the Americans with the slim chances of a replay. As things turned out, a replay will in all probability be necessary.

The game which was played at Caroline Hill was one of the best seen for a long time. Joubert, the American hurler, was never in better form and retired the Chinese batters via the "strike out" route on eleven occasions. This very man was instrumental in clouting a four bagger and incidentally bringing in a man for the winning run.

The third innings may be said to have been the deciding factor in the game. The Americans gathered four runs against 2 by the Chinese and the Americans at this stage led by 5 runs to 2. The Chinese came back again on the 4th with 2 and the 5th with 1 while the Americans were blanked out on the 4th and scored 2 on the fifth. With a lead of 2 runs the Americans sent the Chinese in to bat in the last innings. Excitement was high but the Chinese managed only to return a run thus leaving the Americans winners by the odd run in 13.

HIGH STANDARD

The play was certainly of a high standard. The Americans were all playing well and whatever they did was with a will.

The Chinese tried out two pitchers, Moe and Ching but these did not have the effect of stopping the Americans from gathering their runs.

The other game during the week-end was a runaway affair for the Japanese boys who trounced the Canadians by 32 runs to 6.

THIS WEEK'S GAMES

A game that will have the strongest bearing on the destination of the pennant will be played to-morrow on the Caroline Hill Ground. The Chinese will have to go all out against the Japanese and a defeat will just about wipe them out of the running. They are on level terms with the Americans whose match to-morrow against the Canadians will be a "cert" for them.

The Japanese are about the most unreliable team in the league this season. The Chinese had the better of the Japanese boys in their initial encounter and I am sure the game to-morrow will be fought out in real big league fashion. Things will not be all too one sided in this battle as both teams are about of equal strength and as for fielding I doubt whether one team is better than the other. I believe the Chinese pitchers are slightly superior to the Japanese and come what may the game is certain to be a thriller.

The Chinese will have yet to surmount another hurdle after this. The Mindanao boys will be the opposition so even if they are able to beat the Japanese they will still be up against another brick wall.

LADIES HOCKEY CLUB

Hold Annual Meeting

The Ninth Annual General Meeting of the Hong Kong Ladies Hockey Club took place yesterday evening at the Gloucester Hotel, top floor lounge and was largely attended.

In the absence of Lady Southorn (President) and Mrs. J. Moutrie (Captain) Miss E. Gray (Vice Captain) took the chair. Several suggestions were put forward at the meeting by the members, one of which was that the captain of the second team be automatically co-operated into the selection committee. This was unanimously carried.

The following officer bearers were then elected for the ensuing year:

President—Lady Southorn
Captain—Miss Jean Dalziel
Vice-Capt.—Miss Joan Smalley

NEW MEDICAL DISCOVERIES ABOUT INDIGESTION

Relief—quick relief—is your one over-whelming necessity when suffering from stomach pains and indigestion. That is why leading medical authorities—specialists, doctors, hospitals—recommend and specify "Bisurated Magnesia" for even the most obstinate cases of dyspepsia, acid stomach and gastritis.

They know (for they are in touch with the latest developments in medical practice) that recent medical research and numerous X-ray photographs of actual cases of "indigestion" have proved "Bisurated" Magnesia to be the quickest-acting and the most effective stomach remedy known to medical science.

"Bisurated" Magnesia is a complete treatment for the prompt relief of all stomach troubles. Not only is it a potent neutraliser of the harmful acids which cause indigestion and stomach ulcers—it also spreads a soothing, protecting film over the inflamed stomach lining.

Get "Bisurated" Magnesia powder or tablets from your chemist or store to-day—but always look for the oval "BISMAG" sign on every package if you want the quickest-acting stomach remedy known.

H. K. STOCK EXCHANGE

During the week under review a better tone developed and prices generally have hardened; in some cases an appreciable rise can be recorded. Last week Lands closed at \$22 and at the close to-day buyers are offering \$24.75 with possible small sellers at \$25. Trams also are wanted at \$11.10 and Electrics at \$52.1. Telephones weakened on small liquidation but have ready buyers at \$172 with shares offering at \$18. On the whole it would appear there is a general change of sentiment and investors are again coming into the market.

BERLIN SHARE MARKET
(Special to the "Hong Kong Daily Press" (Copyright).)

Berlin, Sept. 26.
The share market was again in a more friendly mood owing to the far-reaching relaxation in the international political situation which permitted the factories in the home market to exert their due influence in determining the trend of prices.

For instance Dr. Schacht's speech before the Chamber of Economics, declaring against the subvention of prices, and the currency experiments gave buyers courage with the result that business was more brisk and the prices in general firmer.

The Fixed Interest Securities market was brighter all round while Gold Mortgage Bonds recovered the ground lost during the slump. Call Money was quoted at 3 to 3 1/2.—Transocean Kuo Min
